DIRECTORS' REPORT

The Directors present their report together with the consolidated financial statements of the Group comprising of Oakajee Corporation Limited ("Oakajee" or the "Company") and its subsidiaries for the year ended 30 June 2020. In order to comply with the provisions of the Corporations Act 2001, the Directors report is as follows.

The Board of Directors

The names and details of Directors who held office during or since the end of financial year and until the date of this report are as follows. Directors were in office for the entire period unless otherwise stated.

Mr Mark Jones (Managing Director)

Mr Jones was previously a Non-Executive Director (Private Clients) of Patersons Securities Limited, one of the largest stockbroking firms in Australia and is currently the Chairman of Santa Fe Minerals Limited. He has been instrumental in raising capital for many exploration companies from IPO to production and brings over 30 years' of mining and stock market experience. Mr Jones has been a Director of the Company since July 2008.

Other Current Directorships

Santa Fe Minerals Limited (since 27 May 2011)

Former Directorships in the Last Three Years

None

Mr Garry Thomas (Non-Executive Director)

Mr Thomas is a Civil Engineer with over 35 years' experience in civil construction, mine development and operations. He has been involved in the implementation of mining operations in Australia, Indonesia, Laos, Russia, Zimbabwe, Ghana, Zambia, South Africa, Algeria, Mexico and Mali.

He has managed the construction and commissioning of over 20 CIL/CIP, flotation and heap leach plants in Australasia, Russia and Africa as well as many plant upgrades.

Mr Thomas has been instrumental in the procurement and development of Elemental Minerals Limited's potash project in West Africa. He was also the founding Managing Director of Intermet Engineering Pty Limited, a minerals processing engineering Company, since its inception in Australia in 2001 to its sale in 2008.

Mr Thomas has been a Director of the Company since March 2012.

Other Current Directorships

Mithril Resources Ltd (since 17 August 2020)

Former Directorships in the Last Three Years

None

Mr Gary Watson (Non-Executive Director)

Mr Watson has over 16 years' of extensive experience in the resources, finance and energy infrastructure industries. He has worked in a number of different roles, with particular emphasis on technical and economic project evaluation.

Mr Watson has a unique view of the resources industry having worked in a variety of mining methods in iron ore, gold and nickel mines, coupled with his experience as an Equity Analyst at Canaccord Genuity. He holds a Bachelor of Commerce degree from Curtin University and is a CFA Charterholder. Mr Watson has been a Director of the Company since August 2017.

Other Current Directorships

None

Former Directorships in the Last Three Years

None

DIRECTORS' REPORT

Mr Douglas Rose (Non-Executive Director) - Appointed on 16 October 2018

Mr Rose is currently the Managing Director of Santa Fe Minerals Limited, an Australian gold and base metals exploration company. Mr Rose was previously a Private Client Adviser with Patersons Securities Limited. He holds a Bachelor of Commerce degree from Curtin University and has over 16 years' experience in the financial services industry.

Other Current Directorships

Santa Fe Minerals Limited (since 1 July 2013)

Former Directorships in the Last Three Years

Mr Rose was previously a Director of Oakajee Corporation Limited for the period 21 July 2015 to 31 July 2017.

Group Secretary

Krystal Kirou

Ms Kirou holds a Bachelor of Commerce from the University of Western Australia and has 12 years' experience in financial reporting and corporate services. She is a member of CPA Australia and Governance Institute of Australia. Ms Kirou is an employee of Nexia Perth, a mid-tier corporate advisory and accounting practice, and has held similar secretarial roles in various other listed companies in the resources sector.

Review of Operations

Exploration Activities Update

During the year, the Company continued exploration and preparation work across its Paynes Find Gold Project in Western Australia and its Birrindudu Nickel Project in the Northern Territory.

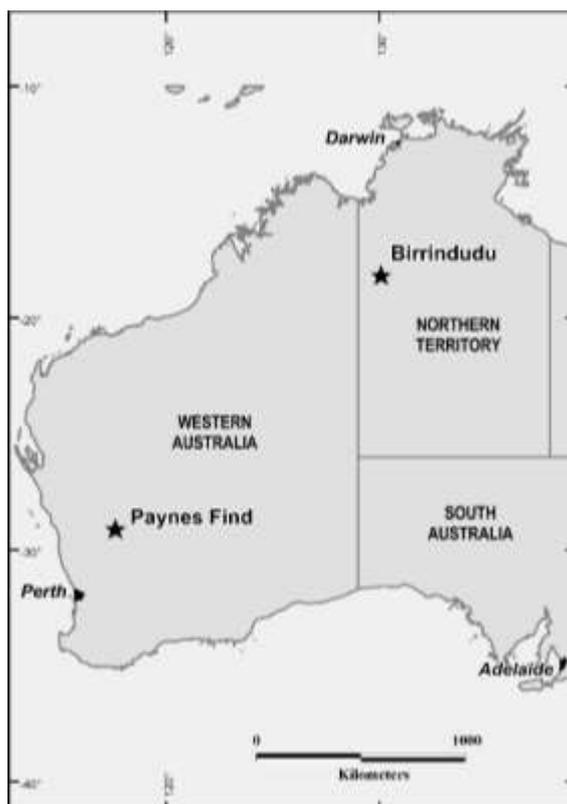

Figure 1 - Project locations

Review of Operations (continued)

Paynes Find Gold Project - Western Australia

The Paynes Find Gold Project is located adjacent to the Paynes Find settlement, approximately 455km by road northeast of Perth. The land holding represents the second largest exploration project area within the Paynes Find Greenstone Belt which has produced more than 72,000oz of gold.

The Paynes Find Gold Project covers mostly greenstone sequences along strike and to the west of the Paynes Find Gold camp. Whilst the Paynes Find Gold Project has been explored since the 1970's, little effective testing of the greenstone sequences has been undertaken due to fragmented tenement holdings and alluvial cover limiting the effectiveness of conventional soil sampling.

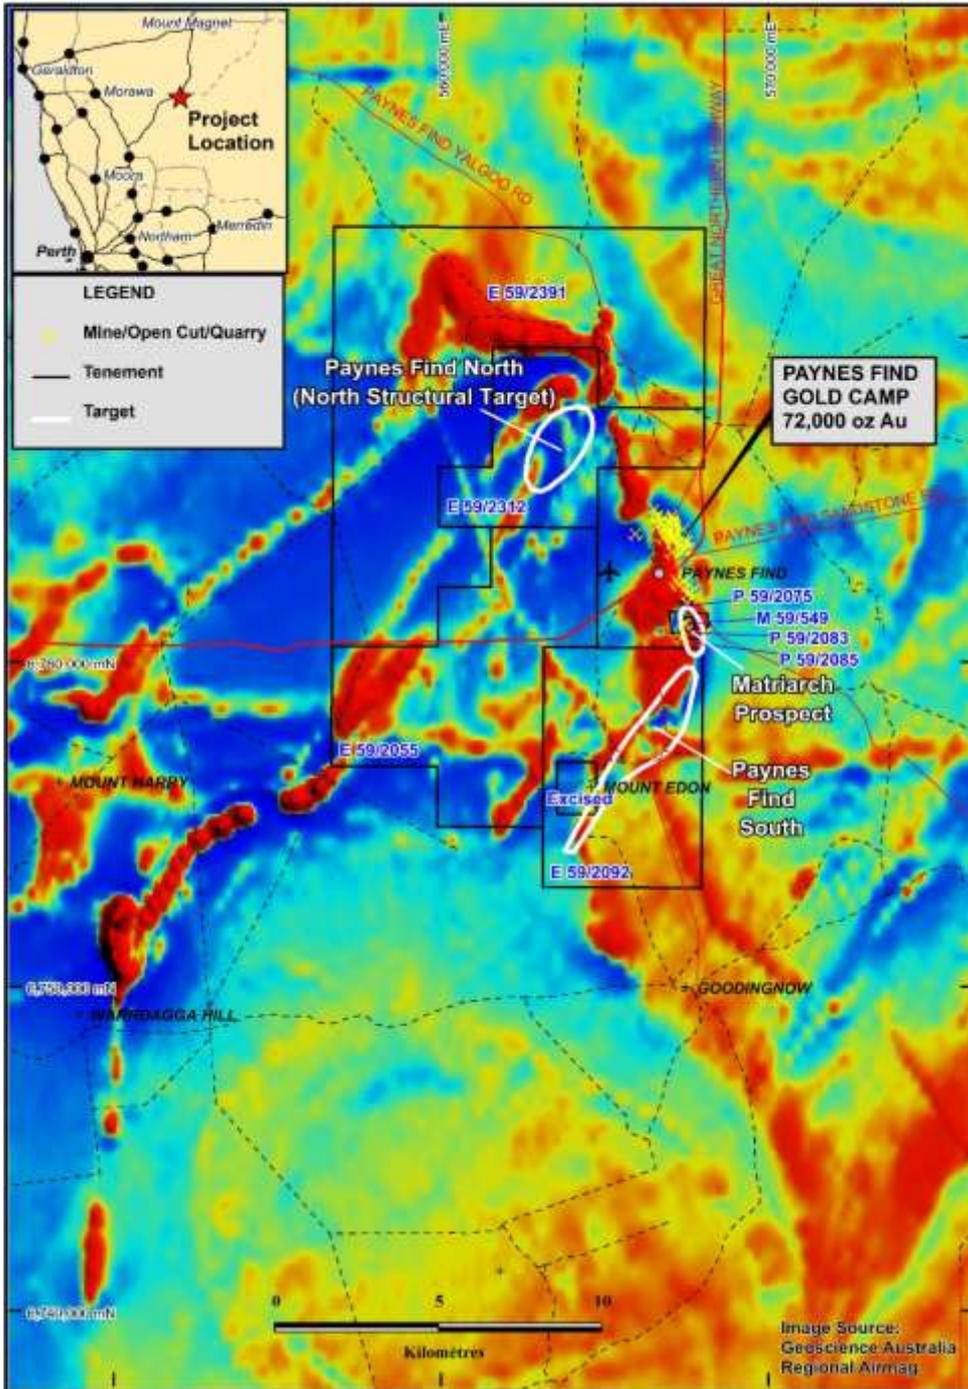

Figure 2 - Paynes Find Gold Project location plan

Review of Operations (continued)

During the year, two Aircore (AC) programs were completed at the Paynes Find Gold Project. The first program consisted of 54 holes drilled on 5 variably spaced lines for 2,064 metres within and around the Matriarch gold prospect. Strongly anomalous gold (greater than 100ppb Au) was intersected in 11 of the holes (refer to Table 1 on page 7) associated with a north-north-east striking, 1,600m long aeromagnetic low, under shallow laterite cover immediately south of the historical Paynes Find Gold Camp.

Drilling Results (Phase 1)

The Phase 1 AC drilling was designed to target various north to north-north-east magnetic and geochemical trends associated with historic gold occurrences within the Company's Matriarch tenements. Drill lines were variably spaced and hole spacing along the individual lines was designed to test for a broad supergene gold halo within the weathered bedrock.

The AC drill holes were mostly 50m apart, with some at 25m spacing and orientated at minus 60 degrees to the east. Drilling was completed to blade refusal and hole depth was mostly between 20m and 50m. Samples were collected every 4m (downhole width). Anomalous gold results of >100ppb are recorded in Table 1 and drill hole collar positions coloured by maximum values are shown in Figures 3 and 4.

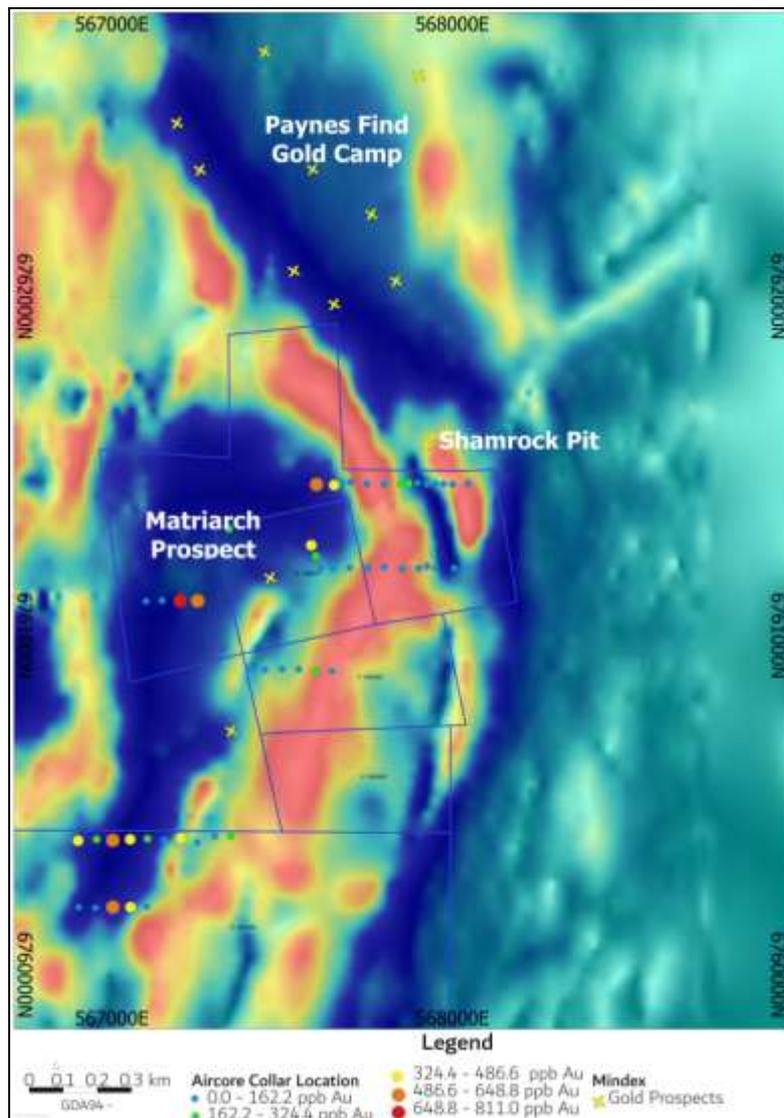

Figure 3 - Paynes Find Gold Project plan showing Phase 1 AC drilling location and results over aeromagnetic image

Review of Operations (continued)

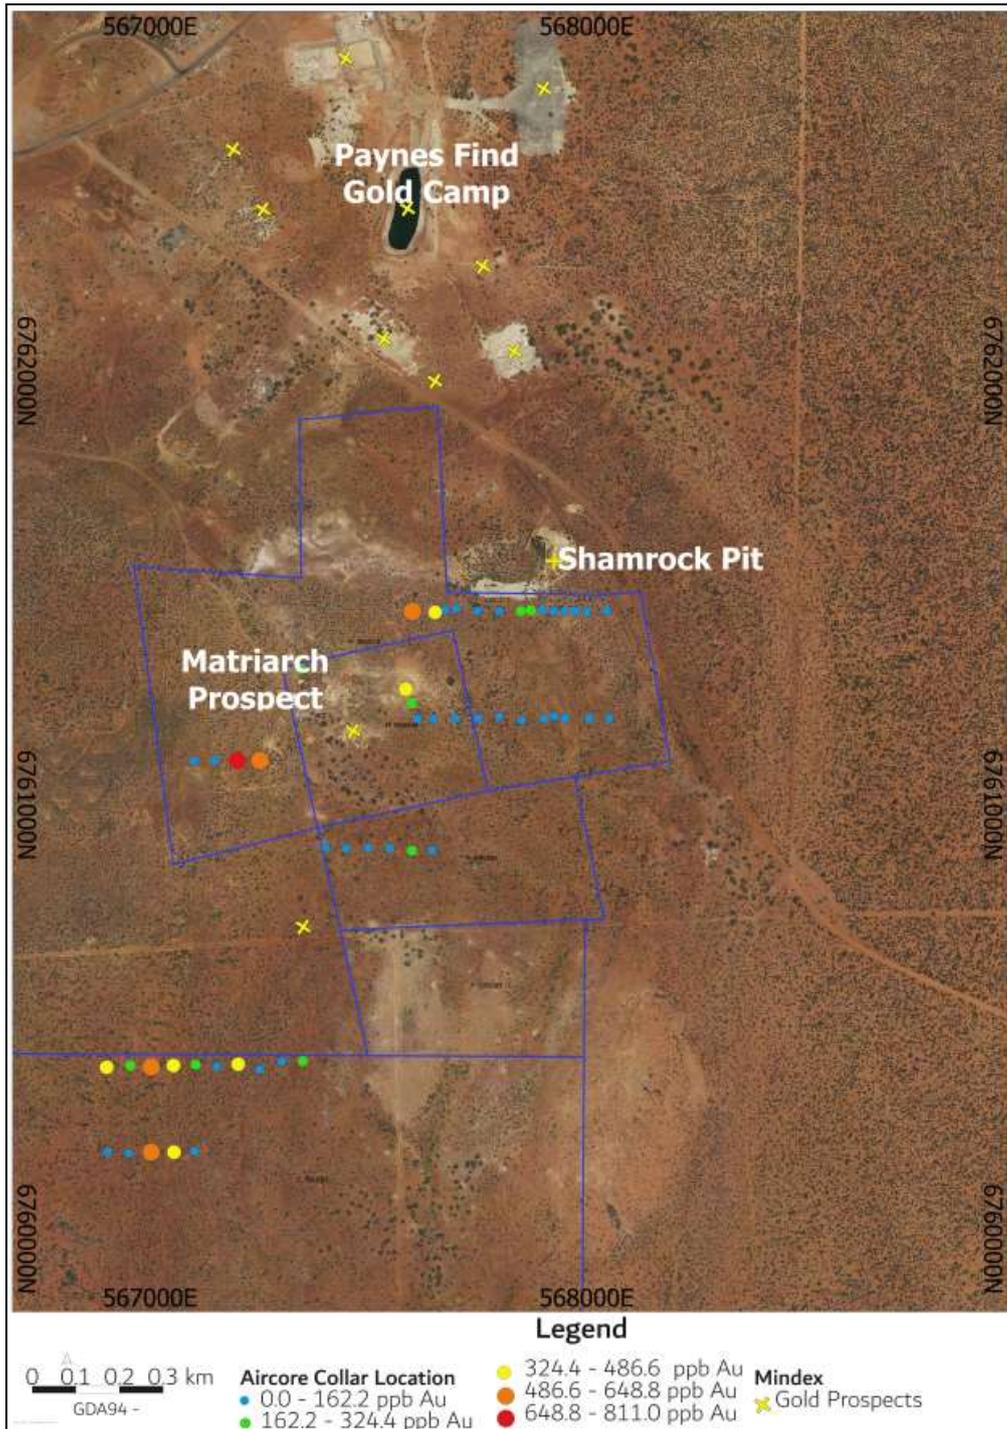

Figure 4 - Paynes Find Gold Project plan showing Phase 1 AC drilling location and results over satellite image

The northern most line of drill holes was completed along the north eastern boundary of 59/2075 100m south of the historic Shamrock Gold Pit (outside the Company's tenements). Gold mineralisation of 4m from 16m @ 127ppb Au in PFAC012 and 8m from 28m @ 164ppb Au in PFAC013 was intersected at a felsic-mafic contact on the west end of the drill line. One hole drilled 200m to the south targeting an historic gold pit, PFAC051, intersected 108ppb over 4m in strongly weathered felsic schist.

OAKAJEE CORPORATION LIMITED

ACN 123 084 453

Review of Operations (continued)

A further 500m south-south-west gold mineralisation occurs in PFAC047 which intersected 4m from 36m @ 811ppb Au and PFAC048 which intersected 4m from 48m @ 247ppb Au associated with strongly weathered felsic rocks.

The two southern most lines drilled at the northern end of E59/2092 also intersected gold mineralisation. In drill hole PFAC042, 2m from 40m @ 212ppb Au and PFAC037, 8m from 28m @ 211ppb Au plus 2m from 40m @ 255ppb Au (end of the hole), mineralisation is associated with logged felsic rocks and interpreted as likely intrusive.

The gold mineralisation intersected in the AC drill holes is interpreted to have been dispersed from the primary bedrock source as the result of weathering. The presence of various pathfinder minerals such as Ag, As, Cu, Pb, Sb and W suggests the current drilling is proximal to the primary bedrock source therefore addition infill drilling will be required to better define the potential.

Table 1: Oakajee AC drill hole assay data – Phase 1

*Selected Intervals >100ppb Au

*Pathfinder element assays are for the selected gold interval and are not necessarily the highest in the hole

*EOH - end of hole sample

Drilling Results (Phase 2)

In June 2020, the Company completed its Phase 2 Aircore (AC) drilling program. A total of 26 holes for 1,388 metres were completed following up on previous gold intersections around the Matriarch gold prospect. Assay results showed strongly anomalous gold (greater than 100ppb Au) intersected in 11 of the holes (refer to Table 2) associated with a north-north-east striking 1600m long aeromagnetic low under shallow laterite cover immediately south of the historical Paynes Find Gold Camp.

The program was designed to further define the north to north-north-east trending gold zones identified by Phase 1 drilling. Drilling was infilled to 25m spacing around previous anomalous gold intersections and additional drill lines were completed 100m to the north and south of the West Matriarch gold zone. The AC drill holes were orientated at minus 60 degrees to the east. Drilling was completed to blade refusal with hole depth to a maximum of 75m and mostly between 40 and 60m. Samples were collected over a 4m downhole length.

Results from the Phase 2 drilling program are included at Table 2. Anomalous gold results of >100ppb were recorded and drill hole collar positions coloured by maximum gold values are shown in Figures 5 and 6. Anomalous gold intersections from the Phase 1 AC drill program were resampled at 1m intervals and results are also recorded at Table 2.

Review of Operations (continued)

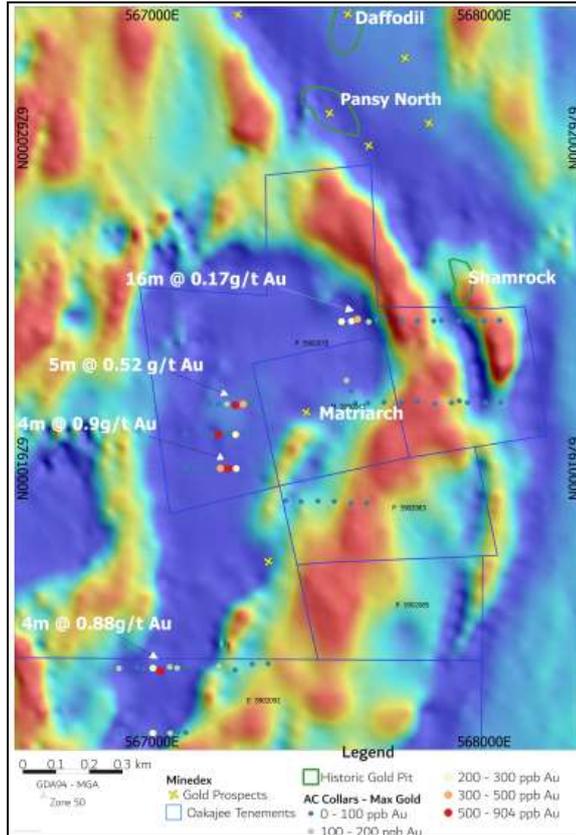

Figure 5 - Paynes Find Gold Project showing Phase 2 AC drill hole locations and results over aeromagnetic image

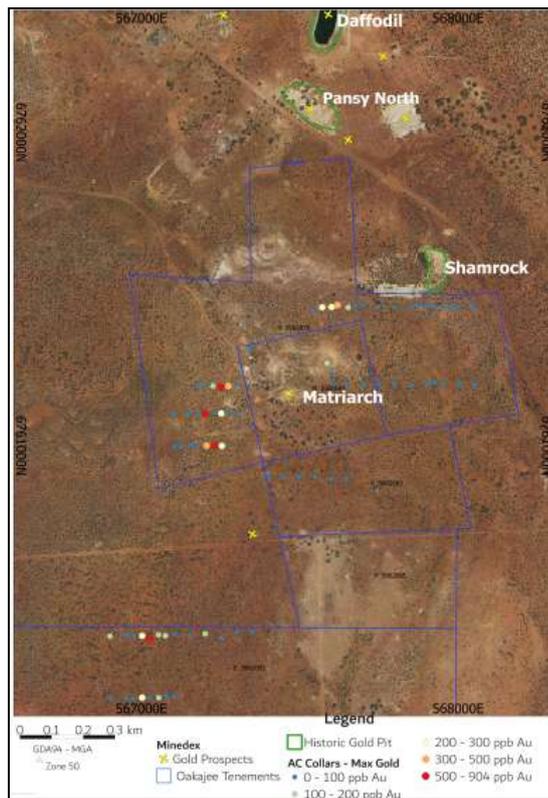

Figure 6 - Paynes Find Gold Project plan showing AC Drilling location and results over image

OAKAJEE CORPORATION LIMITED

ACN 123 084 453

Review of Operations (continued)

AC drilling continued to define a north-north east trending gold zone associated with a broad magnetic low over 1600m strike. Gold mineralisation is associated with sulphide bearing quartz veining within a felsic intrusive. Results from the drilling to date define narrow gold mineralised zones associated with pathfinder elements such as Ag, As, Cu, Pb, Sb, W and Zn.

Table 2: Oakajee AC Drill Hole Assay Data >100ppb Au. *1m resamples are from Phase 1 AC drilling. All other samples shown below are 4m composite samples from the Phase 2 AC program.

Joint Venture Update

As set out in the Company's Replacement Prospectus dated 19 June 2019, the Company was required to spend a minimum of \$200,000 (including a minimum of 2,000 metres of drilling) on the tenements acquired under the Legendre Sale Agreement by 30 June 2020. The Company is pleased to confirm it has satisfied this requirement and will continue to conduct exploration on the tenements under the joint venture arrangement.

Review of Operations (continued)

Birrindudu Nickel Project - Northern Territory

The Birrindudu Nickel Project area covers 1,116km² and is located approximately 650km SSW of Darwin and about 250km east of Halls Creek. Road access from Halls Creek is by the Buntine Highway or from Kununurra by Duncan Road and then south on tracks through Riveren Station. The tenements are located on the Birrindudu, Riveren and Inverway Pastoral Leases and border the Hooker River Aboriginal reserve to the east. The Lajamanu community is approximately 55km east of the Birrindudu Nickel Project tenure.

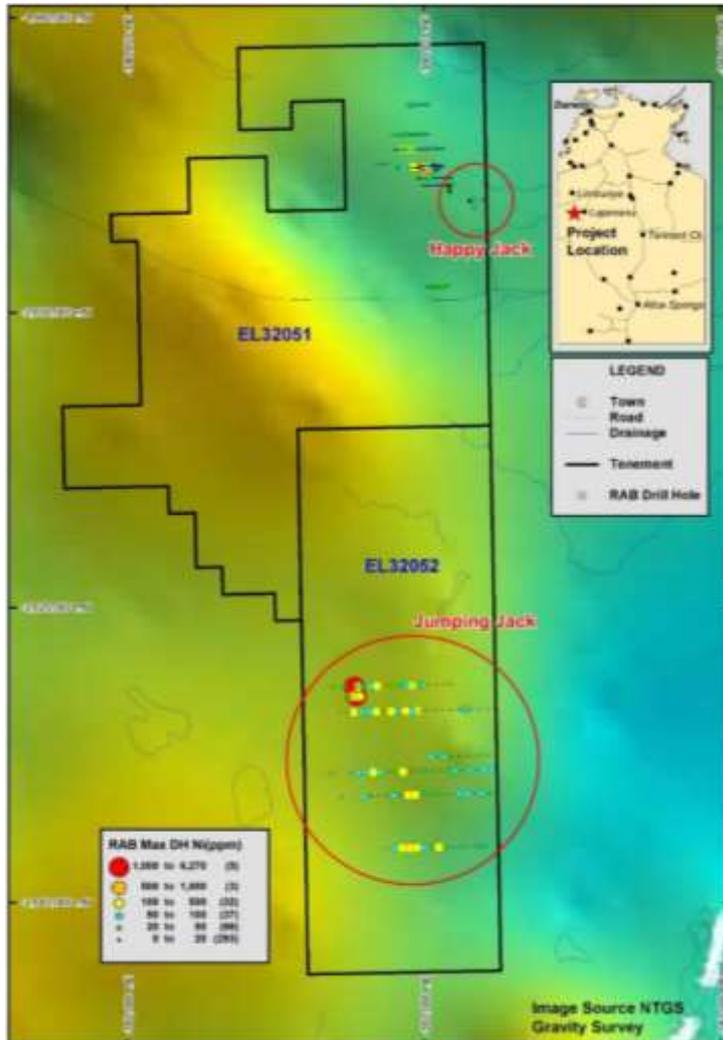

Figure 7 - Birrindudu IGO RAB drilling with Nickel results

Independence Group (IGO) held part of the current project between 2010 and 2014 exploring for tin, gold and nickel. Work included Air Core drilling at the Jumping Jack Prospect where 128 holes were drilled for 5,636 metres. Assay results from five of the RAB holes returned strongly anomalous nickel, copper, platinum and palladium results associated with logged ultramafic rocks (refer to Table 3).

The logged geology and available magnetic data suggests that mafic to ultramafic intrusions are present in the tenure. The elevated nickel, copper, platinum and palladium drilling results are considered encouraging but there is not yet sufficient information to conclude whether this is a function of the particular intrusion or could indicate sulphide mineralisation within the intrusions.

OAKAJEE CORPORATION LIMITED

ACN 123 084 453

Review of Operations (continued)

Table 3 - List of elevated Ni assays from IGO Air Core drilling (>1000ppm Ni)

Hole_ID	East	North	Depth m	Dip /Azimuth	From m	To m	Interval	Ni ppm	Cu ppm	Pt+Pd ppb
JJAC016	609113	7953327	60	-90/0	36	48	12	1407	219	15
JJAC116	609100	7953324	72	-60/269.5	12	44	32	1715	328	15
JJAC117	609001	7953330	63	-60/269.5	32	36	4	1238	268	24
JJAC121	609101	7952652	64	-60/269.5	32	60	28	1694	128	35
JJAC125	609205	7952665	61	-60/269.5	16	61	45	2570	250	18
INCLUDING					20	24	4	6266	205	18

Note - Hole locations are in MGA94 Zone 52 co-ordinates.

Small mafic to ultramafic intrusions associated with major flood basalt provinces in the greater region have been targeted by previous explorers for magmatic sulphide deposits.

During the year, the Company acquired more detailed aeromagnetic data, which the Company plans to use to refine the extent of the mafic-ultramafic intrusions known to date and to outline other intrusions in the tenure.

An AC drilling program is being planned to define the extent of the geochemical response of the known intrusion and to test other targets as possible mafic-ultramafic intrusions hosting magmatic sulphide deposits.

The Company's wholly owned subsidiary, Oakajee Exploration Pty Ltd, has applied for additional tenure adjacent to the northern and western parts of the existing ground held by the Company. The Company sees no reason why the application would not be granted. An update on the progress of the application will be provided in the upcoming months. A map showing the new application (EL32408) is at Figure 8.

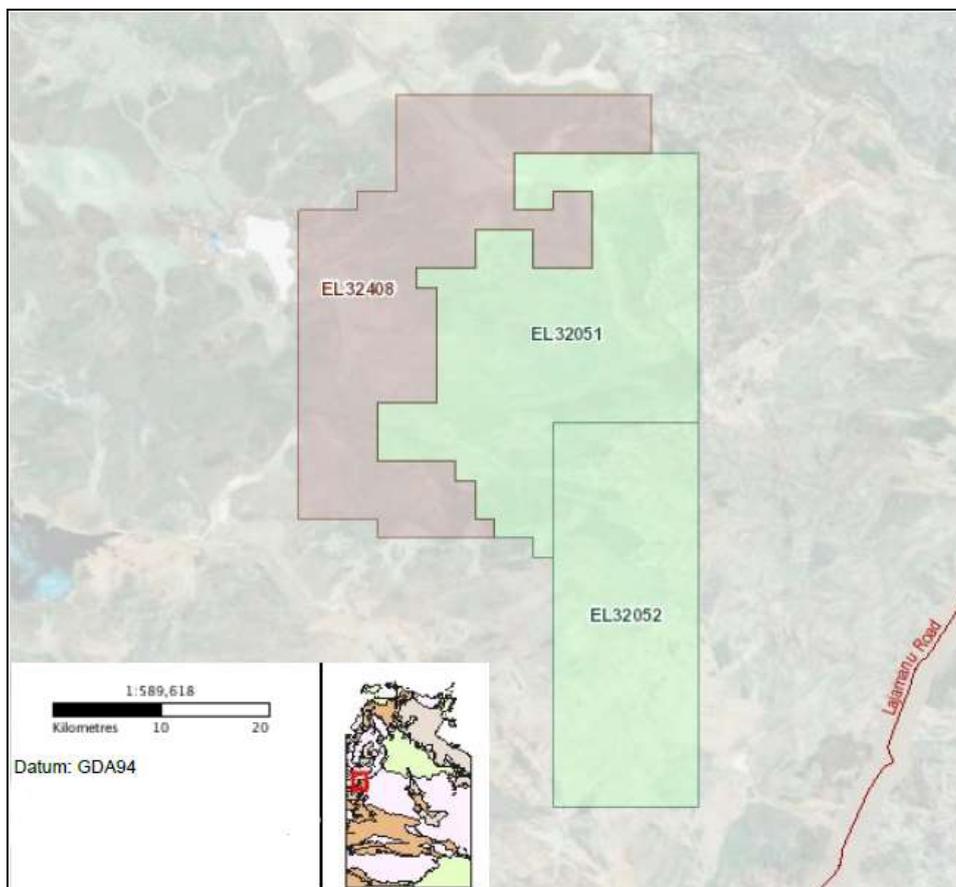

Figure 8 - Existing Birrindudu Location plan showing new application EL32408

OAKAJEE CORPORATION LIMITED

ACN 123 084 453

Review of Operations (continued)

The Company also continues to assess other potential exploration and/or development projects in the resources sector.

As at 30 June 2020, the Company has an interest in the following projects:

Western Australian Tenements - Paynes Find Gold Project

The Company and relevant parties below have formed an unincorporated joint venture for the purpose of exploration and development of the relevant part of the Paynes Find Gold Project. The Company will be manager and have control over all operations pertaining to the Paynes Find Gold Project.

The Company is the beneficial holder of the below tenements relating to the following:

- an 80% interest in the non-lithium mineral rights in respect of E59/2055 and E59/2092
- an 80% interest in E59/2312, M59/549 and P59/2075, P59/2083, P59/2085

COMPLIANCE STATEMENT

The information in this report that relates to Exploration Results is based on information compiled by Mr. Reginald Beaton who is a Member of the Australian Institute of Geoscientists. Mr. Beaton is an employee of Oakajee Corporation Limited and has sufficient experience which is relevant to the style of mineralisation under consideration to qualify as a Competent Person as defined in the 2012 Edition of the 'Australian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'.

All technical information contained in this report has previously been reported to ASX - see "Paynes Find Gold Project Acquisition (Correction)" dated 18 January 2019, "Replacement Prospectus" dated 18 April 2019, "Quarterly Activities Report for the Period Ended 30 June 2019" dated 24 July 2019, "Quarterly Activities Report for the Period Ended 31 March 2020" dated 30 April, 2020 and "Quarterly Activities Report for the Period Ended 30 June 2020" dated 28 July 2020. Mr. Beaton consents to the inclusion in the report of the matters based on the information compiled by him, in the form and context in which it appears.

The Company is not aware of any new information or data that materially affects the information included in this report.

DIRECTORS' REPORT

Operating Results for the Year

The net loss after income tax of the Group for the year ended 30 June 2020 was \$480,516 (2019: \$671,965). At 30 June 2020, the Group had \$2,411,396 in cash (2019: \$3,038,344) and total net assets of \$3,166,539 (2019: \$4,156,637).

Dividends

No dividends were paid during the year and the Directors recommend that no dividends be paid or declared for the financial year ended 30 June 2020.

Significant Changes in State of Affairs

There have been no significant changes in the state of affairs of the Group not otherwise disclosed to the date of this report.

Subsequent Events

No matters or events have arisen since 30 June 2020 which have significantly affected, or may significantly affect, the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial periods.

The impact of the Coronavirus (COVID-19) pandemic is ongoing as at 30 June 2020 and it is not practicable to estimate the potential impact, positive or negative, on the Group's activities after the reporting date. The situation is rapidly developing and is dependent on measures imposed by the Australian Government and other countries, such as maintaining social distancing requirements, quarantine, travel restrictions and any economic stimulus that may be provided.

Likely Developments

Disclosure of information regarding likely developments in the operations of the Group in future financial years and the expected results of those operations is likely to result in unreasonable prejudice to the Group. Therefore, this information has not been presented in this report.

Environmental Legislation

The Group is not subject to any significant environmental legislation.

Interests in the shares and options of the Group and related bodies corporate

The relevant interests of Directors held directly, or indirectly or beneficially, by each specified Director including their personally-related entities, in shares and options of the Group as at the end of the financial year:

Director	No. of options over ordinary shares	No. of fully paid ordinary shares
Mark Jones	-	6,400,000
Garry Thomas	-	6,333,344
Douglas Rose	-	3,145,099
Gary Watson	-	-

There are no unpaid amounts on the shares issued.

DIRECTORS' REPORT

Meetings of Directors

During the financial year, the following number of meetings of Directors were held and attended by each Director:

Director	Number eligible to attend	Number attended
Mark Jones	3	3
Garry Thomas	3	3
Gary Watson	3	3
Douglas Rose	3	3

Remuneration Report (audited)

This report, which forms part of the Directors' report, outlines the remuneration arrangements in place for key management personnel of Oakajee Corporation Limited (the "Company") for the financial year ended 30 June 2020. The information provided in this remuneration report has been audited as required by Section 308(3C) of the Corporations Act 2001.

The remuneration report details the remuneration arrangements for key management personnel who are defined as those persons having authority and responsibility for planning, directing and controlling the major activities of the Group, directly or indirectly, including any Director (whether Executive or otherwise) of the Group.

Details of Key Management Personnel

Directors

Mark Jones (Managing Director)

Garry Thomas (Non-Executive Director)

Gary Watson (Non-Executive Director)

Douglas Rose (Non-Executive Director)

Remuneration Policy

The Board of Directors is responsible for determining and reviewing compensation arrangements for the Directors. The Board assesses the appropriateness of the nature and amount of remuneration of such officers on a periodic basis by reference to relevant employment conditions, with the overall objective of ensuring maximum stakeholder benefit from the retention of a high quality Board.

The Board acts as the Remuneration Committee and assesses the nature and amount of compensation of key management personnel. All remuneration paid to key management personnel is expensed. Any options granted to key management personnel are valued using either the Black-Scholes or binomial option pricing models.

The Board policy is to remunerate Non-Executive Directors at market rates for time, commitment and responsibilities. The Board determines payments to the Non-Executive Directors and will review their remuneration annually, based on market practice, duties and accountability and to ensure their remuneration is competitive in attracting, retaining and motivating people with appropriate skills and experience. Independent external advice is sought where required.

The maximum amount of fees that can be paid to Non-Executive Directors is subject to approval by shareholders at the Annual General Meeting. Fees for Non-Executive Directors are currently fixed at up to \$350,000 and are not linked to the performance of the Company. However, to align Directors' interests with shareholder interests, the Directors are encouraged to hold shares in the Company.

DIRECTORS' REPORT***Performance Based Remuneration***

No performance based amounts have been paid or determined to be paid to Directors at this stage of the Company's development.

Details of Remuneration**30 June 2020**

Director	Salary and fees (\$)	Superannuation (\$)	Total (\$)
Mark Jones (Managing Director)	100,000	9,500	109,500
Garry Thomas (Non-Executive Director)	22,831	2,169	25,000

30 June 2019

Director	Salary and fees (\$)	Superannuation (\$)	Total (\$)
Mark Jones (Managing Director)	100,000	9,500	109,500
Garry Thomas (Non-Executive Director)	22,831	2,169	25,000
Gary Watson (Non-Executive Director)	22,831	2,169	25,000
Douglas Rose (Non-Executive Director) ¹	24,855	2,361	27,216
Total	170,517	16,199	186,716

¹ Mr Rose was appointed on 16 October 2018.

No percentage of 2020 and 2019 remuneration paid is performance based. No other long-term benefits or equity compensation were granted to key management personnel in 2020 or 2019.

Use of Remuneration Consultants

Due to the size of the Company's operations, the Company has not engaged remuneration consultants to review and measure its remuneration policy and strategy. The Board reviews remuneration strategy periodically and may engage remuneration consultants in future to assist with this process.

OAKAJEE CORPORATION LIMITED

ACN 123 084 453

DIRECTORS' REPORT

Service Agreements

As at the date of this report there are no executives or key management personnel, other than the Directors, engaged by the Group. The Group has entered into service agreements with the Directors.

Mark Jones \$100,000 per annum plus statutory superannuation of 9.5%. Termination of employment by either party giving written notice of not less than 3 (three) months' notice. The Group may elect to pay in lieu of notice.

At any time during the Employee's employment, should a Change of Control Event occur, the Group must pay the Employee a payment equal to twelve months of the Employee's annual remuneration package

Garry Thomas \$25,000 per annum inclusive of statutory superannuation of 9.5%

Gary Watson \$25,000 per annum inclusive of statutory superannuation of 9.5%

Douglas Rose \$35,000 per annum exclusive of statutory superannuation of 9.5%

Service agreements with Directors are separate from any responsibility they may have to the Group or the role they perform as a result of their appointment as a Director of the Group.

The Directors may also be paid for travelling and other expenses properly incurred by them in attending, participating in and returning from meetings of the Directors or any committee of the Directors or general meetings of the Group or otherwise in connection with the business of the Group.

A Director may also receive remuneration for performing extra services, or making special exertion in going or residing abroad or otherwise for the Group by payment of a fixed sum determined by the Directors which may be either in addition to or in substitution for the Director's usual remuneration.

Option Holdings

No options over issued shares or interests in the Group were granted as remuneration during the period or since the end of the financial period. Furthermore, there are no remuneration options on issue at the date of this report.

Directors' Shareholdings

The movement during the reporting period in the number of shares of the Company held directly, indirectly or beneficially, by each Director including their related entities are:

Director	Balance 1 July 2019	On-market purchase	Received on exercise of options	Granted as remuneration	Balance 30 June 2020
Mark Jones	6,251,144	148,856	-	-	6,400,000
Garry Thomas	6,333,344	-	-	-	6,333,344
Gary Watson	-	-	-	-	-
Douglas Rose	3,129,099	16,000	-	-	3,145,099

DIRECTORS' REPORT

Other Transactions with Directors

During the year ended 30 June 2020, the Group paid \$20,796 (excluding GST) to a director related entity of Mark Jones for rental of office premises. As at 30 June 2020, there was a nil balance outstanding.

There were no other related party transactions during the year ended 30 June 2020.

End of remuneration report.

Indemnification and insurance of Directors and Officers

The Group currently has Directors and Officers insurance. The Group has entered into deeds with each Director indemnifying each Director against liabilities arising out of their conduct while acting in the capacity of a Director of the Group to the full extent permitted by Corporations Act 2001.

The insurance premium relates to liabilities that may arise from their position as Directors and Officers of the Group, with the exception of conduct involving a wilful breach of duty or improper use of information or position to gain personal advantage.

The Officers covered by the insurance policies are the Directors and the Group Secretary.

The contract of insurance prohibits the disclosure of the nature of the liabilities and the amount of the premium.

Auditor Independence and Non-Audit Services

Auditor Independence

Section 307C of the Corporations Act 2001 requires our auditors, HLB Mann Judd, to provide the Directors of the Group with an Independence Declaration in relation to the audit of the financial report. This Independence Declaration is set out on page 20 and forms part of this Directors' Report for the year ended 30 June 2020.

Non-Audit Services

Details of amounts paid or payable to the auditor for non-audit services provided during the year by the auditor are outlined in Note 16 to the consolidated financial statements. The Directors are satisfied that the provision of non-audit services is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001.

The Directors are of the opinion that the services do not compromise the auditor's independence as all non-audit services have been reviewed to ensure that they do not impact the impartiality and objectivity of the auditor and none of the services undermine the general principles relating to auditor independence as set out in Code of Conduct APES 110 Code of Ethics for Professional Accountants issued by the Accounting Professional & Ethical Standards Board.

Legal Proceedings

No person has applied for leave of Court to bring proceedings on behalf of the Group or intervene in any proceedings to which the Group is a party for the purpose of taking responsibility on behalf of the Group for all or any part of those proceedings.

DIRECTORS' REPORT

Corporate governance statement

The Board is committed to achieving and demonstrating the highest standards of corporate governance. As such, the Company and its controlled entities have adopted the third edition of the Corporate Governance Principles and Recommendations which was released by the ASX Corporate Governance Council on 27 March 2015 and became effective for financial years beginning on or after 1 July 2015.

The Group's Corporate Governance Statement for the financial year ended 30 June 2020 is dated as at 9 September 2020 and was approved by the Board on that date.

Signed in accordance with a resolution of the Board of Directors.

A handwritten signature in black ink, appearing to read 'Mark Jones', is written over a light grey rectangular background.

Mark Jones

Date: 9 September 2020

AUDITOR'S INDEPENDENCE DECLARATION

As lead auditor for the audit of the consolidated financial report of Oakajee Corporation Limited for the year ended 30 June 2020, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- a) the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- b) any applicable code of professional conduct in relation to the audit.

Corporate Governance Statement

Overview

The Board of Directors (the 'Board') of Oakajee Corporation Limited (the 'Company') is responsible for the governance of the Company and has adopted the following framework to ensure that the Company is managed efficiently, effectively and ethically and operates in the best interests of shareholders.

The Board has followed the principles and best practice recommendations established by the ASX Corporate Governance Council having regard to the nature of the Company's activities and its size. The Company has adopted the ASX Corporate Governance Principles and Recommendations (3rd Edition) for the 2020 financial year, subject to the exceptions noted below.

This Corporate Governance Statement was approved by the Board on 9 September 2020 and is current as at that date in accordance with ASX Listing Rule 4.10.3.

Principle 1: Lay solid foundations for management and oversight

Recommendation 1.1

The Company has established the respective roles and responsibilities of its Board and management, and those matters expressly reserved to the Board and those delegated to management and has documented this in its Board Charter. A copy of the Board Charter is available in the Corporate Governance section of the Company's website.

Recommendation 1.2

In determining candidates for the Board, consideration is given to the mix of skills, experience, and diversity of the existing Board in addition to the balance of independent Directors.

Before appointing a new Director, the Company will undertake appropriate checks such as a character reference, police clearance certificate, bankruptcy check and any other check it deems appropriate.

Directors are re-elected in accordance with the Company's Constitution and the ASX Listing Rules. Shareholders will be provided with all material information for a Director's election in the Notice of Meeting that would be relevant for shareholders to make a decision on whether or not to elect or re-elect a Director, such as the Director's qualifications, experience and contribution to the Board.

Recommendation 1.3

Newly appointed Non-Executive Directors receive formal letters of appointment setting out the key terms, conditions, responsibilities and expectations of their appointment. Additionally, the Company enters into employment contracts with each newly employed Senior Executives, setting out in further detail the responsibilities specifically delegated to them.

Recommendation 1.4

The Company Secretary is accountable directly to the Board, through the Chairman, on all matters to do with the proper functioning of the Board as outlined in the Company's Board Charter.

Recommendation 1.5

The Company is committed to a diverse and inclusive workforce across a wide range of workforce demographics that extends beyond gender. The Board considers that due to the size of the Company, formally documenting the policy concerning gender diversity and the setting of measurable diversity objectives is not appropriate.

The Company provides equal employment opportunities to men and women at all times. Measurable objectives will be considered by the Board when the Company becomes of a size that warrants such objectives. Once established, the Board will review progress against any objectives identified on an annual basis.

The Company currently has a total of 4 Directors who are male and a Company Secretary who is female. At the date of this Statement, there are no other permanent employees or senior executives.

Corporate Governance Statement

Recommendation 1.6

The Chairman has the overall responsibility for evaluating the performance of the Board and individual Directors. The process employed by the Chairman for evaluating the performance may involve meeting with each Director privately, ongoing observation and discussion by the Board and the circulation of questionnaires.

Measures against which the performance of the Board and individual Directors will be evaluated include:

- the skills, performance and contribution of individual members of the Board;
- the performance and effectiveness of the Board as a whole;
- awareness of Directors of their responsibilities and duties as Directors of the Company and of corporate governance and compliance requirements;
- awareness of Directors of the Company's strategic direction; and
- opportunities for continuing improvement of Board functions.

The Company undertakes a performance evaluation of the Board at least annually. The Company utilised a combination of both individual feedback and performance questionnaires during the 2020 financial year.

Recommendation 1.7

A Director is nominated to review the individual performance of the Chairman and/or the Managing Director and meets privately with him to discuss this assessment.

The Managing Director and/or the Chairman reviews the performance of the Senior Executives. The Managing Director conducts a performance evaluation of the Senior Executives by meeting individually with each Senior Executive at least annually to review performance against the Senior Executive's responsibilities as outlined in his or her contract with the Company.

A formal performance evaluation of senior executives was not undertaken in the 2020 financial year. The Board currently comprises 4 Directors and there are no other senior executives.

Principle 2: Structure the board to add value

Recommendation: 2.1

The Board has not established a separate Nomination Committee. Given the current size and composition of the Board, the Board believes that there would be no efficiencies gained by establishing a separate Nomination Committee. Accordingly, the Board performs the role of the Nomination Committee.

The Board did not officially convene as a Nomination and Remuneration Committee during the Reporting Period, however nomination and remuneration related discussions occurred from time to time during the year as required.

The Company's objective is to have an appropriate mix of expertise and experience on the Board, and where appropriate its committees, so that the Board can effectively discharge its corporate governance and oversight responsibilities

Recommendation: 2.2

The Company is committed to ensuring that the composition of the Board includes directors who bring an appropriate mix of skills, experience and expertise to Board decision making. The following table summarises the key skills and experience that the Board believes are appropriate for the Company.

Skills and experience	Number of Directors
Successful experience in CEO/Managing Director and/or other Board level roles	3
Relevant industry (resources, mining, exploration) experience	4
Experience and capability in corporate finance, business analysis and financial forecasting	3
Development and implementation of corporate strategy	2

Corporate Governance Statement

The Board currently comprises 4 Directors. Details of the directors, including their skills, experience and year of appointment, are detailed on the Company's website and contained in the Remuneration Report which forms part of the Directors' Report.

Recommendation: 2.3

During the reporting period, the independence of Directors was measured having regard to the guidance in Box 2.3 of the ASX Principles. Two Directors, Mr Gary Watson and Mr Doug Rose, are considered independent. Mr Mark Jones and Mr Garry Thomas are not independent as they are substantial security holders of the Company and/or act in an executive capacity with the Company.

Recommendation: 2.4

The Board does not have a majority of directors who are independent, primarily due to their substantial shareholdings in the Company and/or their executive capacity with the Company.

All Directors bring to the Board the requisite skills which are complementary to those of the other Directors and enable them to adequately discharge their responsibilities and bring independent judgments to bear on their decisions.

The following measures are in place to ensure the decision making process of the Board is subject to independent judgments:

- a standard item on each Board Meeting agenda requires directors to focus on and declare any conflicts of interest in addition to those already declared;
- directors are permitted to seek the advice of independent experts at the Company's expense, subject to the approval of the Chairman;
- all directors must not act against the interest of the Company; and
- directors meet as required independently of executive management.

Recommendation 2.5

There is currently no formal Chairman of the Board. Mr Mark Jones, the Managing Director of the Company, is acting Chairman in the interim. An independent director will take over the role of acting Chair if Mr Jones is unable to act in that capacity as a result of his lack of independence.

Recommendation: 2.6

New Directors undergo an induction program in which they are given a full briefing on the Company, its operations and the industry in which it operates.

The Board regularly reviews whether the Directors as a Company have the skills, knowledge and familiarity with the Company and its operating environment required to fulfil their role on the Board effectively. Where any gaps are identified, the Board considers what training or development should be undertaken to fill those gaps. In particular, the Board ensures that any director who does not have specialist accounting skills or knowledge has a sufficient understanding of accounting matters to fulfil his or her responsibilities in relation to the Company's financial statements.

Principle 3: Promote ethical and responsible decision making

Recommendation: 3.1

A Code of Conduct Policy is in place to promote ethical and responsible practices and standards of behaviour expected of the Board, Directors, employees and consultants of the Company when dealing with each other, shareholders, other stakeholders and the broader community. This Policy reflects the Directors' and key officers' intention to ensure that their duties and responsibilities to the Company are performed with the utmost integrity.

The Company has a Securities Trading Policy to minimise the risk of insider trading in the Company's securities. The policy prohibits all employees, officers and Directors of the Company from trading in the Company's securities if they are in possession of inside information. Employees, Officers and Directors must not trade in the Company's securities during closed periods. Trading is generally permitted at other times provided there is no contravention of the insider trading laws.

A copy of the Code of Conduct and Securities Trading Policy is available in the Corporate Governance section of the Company's website.

Corporate Governance Statement

Principle 4: Safeguard integrity in financial reporting

Recommendation: 4.1

The Board has not established a separate Audit Committee. Given the current size and composition of the Board, the Board believes that there would be no efficiencies gained by establishing a separate Audit Committee.

Accordingly, the Board performs the role of Audit Committee and performs the following responsibilities:

- reviewing and approving statutory financial reports and all other financial information distributed externally;
- monitoring the effective operation of the risk management and compliance framework;
- reviewing the effectiveness of the Company's internal control environment including compliance with applicable laws and regulations;
- the nomination of the external auditors and the review of the adequacy of the existing external audit arrangements; and
- considering whether non audit services provided by the external auditor are consistent with maintaining the external auditor's independence.

The Board did not officially convene as an Audit Committee during the 2020 financial year, however audit-related discussions occurred from time to time during the year as required. The Company will give consideration at an appropriate time in the Company's development, for the creation of an Audit Committee.

Recommendation 4.2

Prior to Board approval of the quarterly, half-year and annual financial statements, the Managing Director and the Chief Financial Officer must provide a declaration to the Board in accordance with section 295A of the Corporations Act 2001 (Cth) and the statement under Recommendation 4.2 of the ASX Principles.

The declaration states that, in their opinion, the financial records of the Company for the relevant financial period have been properly maintained and that the financial statements for the relevant financial period comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the Company and the consolidated entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

Recommendation 4.3

The Company's external auditor attends each Annual General Meeting (AGM) and is available to answer shareholder questions about the conduct of the audit, the preparation and content of the Independent Auditor's Report, the accounting policies adopted by the Company in relation to the preparation of the financial statements and the independence of the auditor in relation to the conduct of the audit.

Principle 5: Make timely and balanced disclosures

Recommendation 5.1

The Company has a Continuous Disclosure and Communications Policy that sets out:

- the Company's continuous disclosure obligations under the ASX Listing Rules and Corporations Act;
- how the Company's personnel are required to deal with potentially price sensitive information and communications with external stakeholders such as media, security holders and the community to ensure that the Company meets its continuous disclosure obligations; and
- the Company's shareholder communication policy generally.

A copy of the Continuous Disclosure and Communications Policy is available in the Corporate Governance section of the Company's website.

Principle 6: Respect the rights of shareholders

Recommendation 6.1

The Board is committed to providing shareholders with sufficient information to enable them to assess the performance of the Company, and to inform shareholders of major developments affecting the state of affairs of the Company. Information is communicated to shareholders by lodging all relevant financial and other information with the ASX and publishing information on the Company's website at www.oakajeecorp.com.au.

Corporate Governance Statement

Recommendation 6.2

The Company recognises the importance of its relationships with investors and analysts. The Managing Director is the primary contact for communicating with the investment community.

Recommendation 6.3

To encourage shareholder engagement and participation at the AGM, shareholders have the opportunity to attend the AGM, ask questions on the floor, participate in voting and meet the Board and Management in person.

Shareholders who are unable to attend the AGM are encouraged to vote on the proposed motions by appointing a proxy via the proxy form accompanying the Notice of Meeting. Shareholders have the opportunity to submit written questions to the Company and external auditor prior to the commencement of the meeting.

Recommendation 6.4

Shareholders are given the option to receive communications from, and send communications to, the Company and its share registry electronically.

Principle 7: Recognise and manage risk

Recommendation 7.1

The Board has not established a separate Risk Committee. Given the current size and composition of the Board, the Board believes that there would be no efficiencies gained by establishing a separate Risk Committee. Accordingly, the Board performs the role of Risk Committee.

The Board is responsible for effective oversight and management of risks, including but not limited to identification of principal risks and effective management of those risks. Items that are usually required to be discussed by a Risk Committee are marked as separate agenda items at Board meetings when required.

The Board deals with any conflicts of interest that may occur when convening in the capacity of the Risk Committee by ensuring that the director with conflicting interests is not party to the relevant discussions

The Board did not officially convene as a Risk Committee during the 2020 financial year, however risk related discussions occurred from time to time during the year as required.

Recommendation 7.2

During the 2019 financial year, the Board conducted an annual review of the Company's risk management framework and is satisfied that it continues to be sound.

Recommendation 7.3

The Company does not have an internal audit function. To evaluate and continually improve the effectiveness of the Company's risk management and internal control processes, the Board relies on ongoing reporting and discussion of the management of material business risks.

Recommendation 7.4

The Company's approach to risk management is based on the identification, assessment, monitoring, management and reporting of material risks related to its business and management systems.

The Company has material exposure to a number of business and economic risks, including funding to acquire a viable project, regulatory and legislative risks, going concern, retaining key personnel and internal controls.

The Board will consider these material risks as part of its periodic risk management review, on an as required basis upon advice from Senior Management, including the Managing Director.

Levels of insurance cover on insurance policies maintained by the Company to mitigate some operational risks are disclosed to the Board for review.

Principle 8: Remunerate fairly and responsibly

Recommendation 8.1

The Board has not established a separate Remuneration Committee. Given the current size and composition of the Company, the Board believes that there would be no efficiencies gained by establishing a separate Remuneration Committee. Accordingly, the Board performs the role of Remuneration Committee.

Corporate Governance Statement

The full Board approves all management remuneration including the allocation of options (if any) and involves itself in the nomination, selection and retirement of Directors. No Director may be involved in setting their own remuneration or terms and conditions and in such a case relevant Directors are required to be absent from the full Board discussion.

The Board seeks to ensure that collectively its membership represents an appropriate balance between Directors with experience and knowledge of the Company and Directors with an external or fresh perspective. It shall review the range of expertise of its members on a regular basis and seeks to ensure that it has operational and technical expertise relevant to the operation of the Company.

Directors are re-elected, nominated and appointed to the Board in accordance with the Board's policy on these matters set out in the Remuneration Committee Charter, the Company's Constitution and ASX Listing Rules.

The Company's remuneration philosophy, objectives and arrangements are detailed in the Remuneration Report which forms part of the Directors' Report.

Recommendation 8.2

The Company's policy is to remunerate Non-Executive Directors at a fixed fee for time, commitment and responsibilities. Remuneration for Non-Executive Directors is not linked to individual performance. The maximum aggregate amount of fees (including superannuation payments) that can be paid to Non-Executive Directors is subject to approval by shareholders. There are no termination or retirement benefits for Non-Executive Directors other than for superannuation entitlements. From time to time the Company may permit Non-Executives to participate in equity-based remuneration plans.

Executive remuneration consists of a base salary and in some instances, performance incentives. Long term performance incentives may include options, performance rights or other equity-based schemes granted at the discretion of the Board subject to obtaining the relevant approvals. Equity-based plans are designed to recognise and reward efforts as well as to provide additional incentive to continue those efforts for the benefit of the Company, and may be subject to the successful completion of performance hurdles. Executives are offered a competitive level of base pay at market rates (for comparable companies), which are reviewed at least annually to ensure market competitiveness.

Details of remuneration, including the Company's policy on remuneration, are contained in the Remuneration Report which forms part of the Directors' Report.

Recommendation 8.3

Under the Company's Security Trading Policy, Restricted Persons are prohibited from entering into transactions or arrangements which limit the economic risk of participating in unvested entitlements under any equity-based remuneration scheme.

The accompanying notes form part of these financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

1. Statement of Significant Accounting Policies

The following is a summary of the material accounting policies adopted by the Group in the preparation of the financial report. The accounting policies have been consistently applied to all the years presented, unless otherwise stated.

a) Basis of Preparation

The consolidated financial statements incorporate the assets, liabilities and results of Oakajee Corporation Limited ('Company' or 'parent entity') and its subsidiary as at 30 June 2020.

The Company and its subsidiary are referred to in this financial report as the Group. The financial statements of the subsidiary are prepared for the same reporting period as the parent entity, using consistent accounting policies. In preparing the consolidated financial statements, all intercompany balances and transactions, income and expenses and profit and losses resulting from intra-group transactions have been eliminated in full.

Subsidiaries are fully consolidated from the date on which control is transferred to the Group and cease to be consolidated from the date on which control is transferred out of the Group. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement in with the investee; and
- has the ability in its power to affect its returns.

The Company will reassess whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements listed above.

Changes in the Group's ownership interest in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in subsidiaries. Any difference between the amount paid by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to the owners of the Company.

When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between:

- the aggregate of the fair value of the consideration received and the fair value of any retained interest; and
- the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests.

All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit and loss or transferred to another category of equity as specified/permitted by the applicable AASBs). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under AASB 9, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

b) Statement of Compliance

The financial report of the Group for the year ended 30 June 2020 was authorised for issue in accordance with a resolution of the Directors on 9 September 2020.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

The financial report complies with Australian Accounting Standards, which include Australian equivalents to International Financial Reporting Standards ("AIFRS"). Compliance with AIFRS ensures that the financial report, comprising the financial statements and notes thereto, complies with International Financial Reporting Standards ("IFRS").

c) **New, revised or amending Accounting Standards and Interpretations adopted**

Standards and Interpretations applicable to 30 June 2020

In the year ended 30 June 2020, the Directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Group and effective for the current annual reporting period. This includes consideration of AASB 16 Leases.

As a result of this review, the Group has applied AASB 16 from 1 July 2019.

AASB 16 replaces AASB 117 Leases and sets out the principles for the recognition, measurement, presentation and disclosure of leases.

AASB 16 introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. A lessee is required to recognise a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its obligations to make lease payments. A lessee measures right-of-use assets similarly to other non-financial assets (such as property, plant and equipment) and lease liabilities similarly to other financial liabilities.

As a consequence, a lessee recognises depreciation of the right-of-use asset and interest on the lease liability, and also classifies cash repayments of the lease liability into a principal portion and an interest portion and presents them in the statement of cash flows applying AASB 107 Statement of Cash Flows. AASB 16 substantially carries forward the lessor accounting requirements in AASB 117 Leases. Accordingly, a lessor continues to classify its leases as operating leases or finance leases, and to account for those two types of leases differently.

AASB 16 is effective from annual reporting periods beginning on or after 1 January 2019. A lessee can choose to apply the Standard using a full retrospective or modified retrospective approach.

There is no material impact to profit or loss or net assets on the adoption of this new standard in the current or comparative periods as the short term lease exemption in AASB 16 was utilised.

Standards and Interpretations in issue not yet adopted

The Directors have also reviewed all Standards and Interpretations in issue not yet adopted for the year ended 30 June 2020.

As a result of this review the Directors have determined that there is no material impact of the Standards and Interpretations in issue not yet adopted on the Group and, therefore, no change is necessary to Group accounting policies.

d) **Significant accounting judgements, estimates and assumptions**

The application of accounting policies requires the use of judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

d) Significant accounting judgements, estimates and assumptions (continued)

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions are recognised in the period in which the estimate is revised if it affects only that period, or in the period of the revision and future periods of the revision affect both current and future periods.

e) Going Concern

The financial report has been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlements of liabilities in the ordinary course of business.

As at 30 June 2020, the Group has cash and cash equivalents of \$2,411,396 and net operating cash outflows of \$589,072 for the year ended on that date. The Company has equity investments with a market value of \$682,000 at 30 June 2020. These equity investments represent investments in listed Australian companies which are traded on ASX. The Directors believe that Oakajee Corporation Limited has access to sufficient funding to enable it to continue as a going concern and that it is appropriate to adopt that basis of accounting in the financial report.

f) Revenue Recognition

Revenues are recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue can be recognised:

Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividends

Dividends are recognised as revenue when the Company's right to receive the payment is established.

Grant revenue

Grant revenue is recognised when it is received or when the right to receive payment is established. Government grants relating to costs are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate.

g) Leases*Right-of-use assets*

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the Group expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any remeasurement of lease liabilities.

The Group has elected not to recognise a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are expensed to profit or loss as incurred.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

g) Leases (continued)*Lease liabilities*

A lease liability is recognised at the commencement date of a lease. The lease liability is initially recognised at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are remeasured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is remeasured, an adjustment is made to the corresponding right-of-use asset, or to profit or loss if the carrying amount of the right-of-use asset is fully written down.

h) Cash and cash equivalents

Cash comprises cash at bank and on hand. Cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purposes of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts.

i) Trade and other receivables

Trade receivables are measured on initial recognition at fair value and are subsequently measured at amortised cost using the effective interest rate method, less an allowance for impairment. Trade receivables are generally due for settlement within periods ranging from 15 days to 30 days.

Impairment of trade receivables is continually reviewed and those that are considered to be uncollectible are written off by reducing the carrying amount directly. An allowance account is used when there is objective evidence that the Group will not be able to collect all amounts due according to the original contractual terms. Factors considered by the Group in making this determination include known significant financial difficulties of the debtor, review of financial information and significant delinquency in making contractual payments to the Group.

The impairment allowance is set equal to the difference between the carrying amount of the receivable and the present value of estimated future cash flows, discounted at the original effective interest rate. Where receivables are short-term discounting is not applied in determining the allowance. The amount of the impairment loss is recognised in the statement of comprehensive income within other expenses.

When a trade receivable for which an impairment allowance had been recognised becomes uncollectible in a subsequent period, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against other expenses in the statement of comprehensive income.

j) Income tax

The income tax expense or benefit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary difference and to unused tax losses.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

j) Income tax (continued)

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Group operates and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation.

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the balance date. Deferred income tax is provided on all temporary differences at the balance date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax liabilities are recognised for all taxable temporary differences except:

- when the deferred income tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and that, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; or
- when the taxable temporary difference is associated with investments in subsidiaries, associates or interests in joint ventures, and the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred income tax assets are recognised for all deductible temporary differences, carry-forward of unused tax assets and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry-forward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred income tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; or
- when the deductible temporary difference is associated with investments in subsidiaries, associates or interests in joint ventures, in which case a deferred tax assets is only recognised to the extent that it is probable that the temporary difference will revise in the foreseeable future and taxable profit will be available against which the temporary difference can be utilised.

The carrying amount of deferred income tax assets is reviewed at each balance date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised. Unrecognised deferred income tax assets are reassessed at each balance date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance date. Income taxes relating to items recognised directly in equity are recognised in equity and not in profit or loss.

k) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred on a purchase of goods and services is not recoverable from the Australian Tax Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Receivables and payables in the statement of financial position are shown inclusive of GST. The net amount of GST recoverable or payable is included as a current asset or current liability in the statement of financial position. Cash flows are included in the statement of cash flows on a gross basis. The GST components of cash flows arising from investing and financing activities which are recoverable or payable are classified as operating cash flows. Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

l) Deferred exploration and evaluation expenditure

Exploration and evaluation expenditures in relation to each separate area of interest are recognised as an exploration and evaluation asset in the year in which they are incurred where the following conditions are satisfied:

- a) the rights to tenure of the area of interest are current; and
- b) at least one of the following conditions is also met:
 - the exploration and evaluation expenditures are expected to be recouped through successful development and exploitation of the area of interest, or alternatively, by its sale; or
 - exploration and evaluation activities in the area of interest have not at the balance date reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves, and active and significant operations in, or in relation to, the area of interest are continuing.

Exploration and evaluation costs, excluding the costs of acquiring tenements and permits, are expensed as incurred.

Acquisition costs will be assessed on a case-by-case basis and, if appropriate, they will be capitalised. These acquisition costs are carried forward only if the rights to tenure of the area of interest are current and either:

- they are expected to be recouped through successful development and exploitation of the area of interest or;
- the activities in the area of interest at the reporting date have not reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves, and active and significant operations in, or in relation to, the area of interest, are continuing.

Accumulated acquisition costs in relation to an abandoned area are written off in full to the statement of profit or loss and other comprehensive income in the year in which the decision to abandon the area is made.

The carrying values of acquisition costs are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable. Where a decision has been made to proceed with development in respect of an area of interest the relevant exploration and evaluation asset is tested for impairment and the balance is then reclassified to development

m) Property plant and equipment

Property, plant and equipment is carried at cost less any accumulated depreciation and any accumulated impairment losses.

Depreciation

Depreciation is calculated on a straight line basis over the estimated useful life of the asset as follows:

Class of fixed asset	Depreciation rate
Office Furniture	20%
Computer Software and Equipment	25%

Impairment

The carrying values of plant and equipment are reviewed for impairment at each reporting date, with recoverable amount being estimated when events or changes in circumstances indicate that the carrying value may be impaired. The recoverable amount of plant and equipment is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

For an asset that does not generate largely independent cash inflows, recoverable amount is determined for the cash-generating unit to which the asset belongs, unless the asset's value in use can be estimated to be close to its fair value.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED

m) Property plant and equipment (continued)

An impairment exists when the carrying value of an asset or cash-generating units exceeds its estimated recoverable amount. The asset or cash-generating unit is then written down to its recoverable amount.

Derecognition and disposal

An item of property, plant and equipment is derecognised upon disposal or when no further future economic benefits are expected from its use or disposal.

Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal and the carrying amount of the asset) is included in the profit and loss in the year the asset is derecognised.

n) Financial assets

Recognition and derecognition

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the financial instrument. Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and substantially all the risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and initial measurement of financial assets

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price in accordance with AASB 15, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable).

For the purpose of subsequent measurement, financial assets, other than those designated and effective as hedging instruments, are classified into the following categories:

- amortised cost
- fair value through profit or loss (FVTPL)
- equity instruments at fair value through other comprehensive income (FVOCI)
- debt instruments at fair value through other comprehensive income (FVOCI).

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables which is presented within other expenses.

The classification is determined by both:

- the entity's business model for managing the financial asset
- the contractual cash flow characteristics of the financial asset.

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables which is presented within other expenses.

Subsequent measurement of financial assets

Financial assets at amortised cost

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVTPL):

- they are held within a business model whose objective is to hold the financial assets to collect its contractual cash flows
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial recognition, these are measured at amortised cost using the effective interest method.

Discounting is omitted where the effect of discounting is immaterial. The Group's cash and cash equivalents, trade and most other receivables fall into this category of financial instruments as well as listed bonds that were previously classified as held-to-maturity under IAS 39.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

n) Financial assets (continued)

Financial assets at fair value through profit or loss (FVTPL)

Financial assets that are held within a different business model other than 'hold to collect' or 'hold to collect and sell' are categorised at fair value through profit and loss. Further, irrespective of business model financial assets whose contractual cash flows are not solely payments of principal and interest are accounted for at FVTPL. All derivative financial instruments fall into this category, except for those designated and effective as hedging instruments, for which the hedge accounting requirements apply.

Assets in this category are measured at fair value with gains or losses recognised in profit or loss.

The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

Equity instruments at fair value through other comprehensive income (Equity FVOCI)

Investments in equity instruments that are not held for trading are eligible for an irrevocable election at inception to be measured at FVOCI. Under Equity FVOCI, subsequent movements in fair value are recognised in other comprehensive income and are never reclassified to profit or loss.

Dividend from these investments continue to be recorded as other income within the profit or loss unless the dividend clearly represents return of capital. This category includes unlisted equity securities that were previously classified as 'available-for-sale' under AASB 139. Any gains or losses recognised in other comprehensive income (OCI) are not recycled upon derecognition of the asset.

Debt instruments at fair value through other comprehensive income (Debt FVOCI)

Financial assets with contractual cash flows representing solely payments of principal and interest and held within a business model of collecting the contractual cash flows and selling the assets are accounted for at debt FVOCI.

The Group accounts for financial assets at FVOCI if the assets meet the following conditions:

- they are held under a business model whose objective it is to "hold to collect" the associated cash flows and sell financial assets; and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Any gains or losses recognised in other comprehensive income (OCI) are not recycled upon derecognition of the asset.

Impairment of financial assets

AASB 9's impairment requirements use more forward-looking information to recognise expected credit losses – the 'expected credit loss (ECL) model'. This replaced AASB 139's 'incurred loss model'.

Instruments within the scope of the new requirements included loans and other debt-type financial assets measured at amortised cost and FVOCI, trade receivables, contract assets recognised and measured under AASB 15 and loan commitments and some financial guarantee contracts (for the issuer) that are not measured at fair value through profit or loss.

Recognition of credit losses is no longer dependent on the Group first identifying a credit loss event. Instead the Group considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('Level 1') and
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('Level 2').
- 'Level 3' would cover financial assets that have objective evidence of impairment at the reporting date.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

n) Financial assets (continued)

'12-month expected credit losses' are recognised for the first category while 'lifetime expected credit losses' are recognised for the second category. Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

Trade and other receivables and contract assets

The Group makes use of a simplified approach in accounting for trade and other receivables as well as contract assets and records the loss allowance as lifetime expected credit losses. These are the expected shortfalls in contractual cash flows, considering the potential for default at any point during the life of the financial instrument.

In calculating, the Group uses its historical experience, external indicators and forward-looking information to calculate the expected credit losses using a provision matrix. The Group assess impairment of trade receivables on a collective basis as they possess shared credit risk characteristics they have been grouped based on the days past due.

Classification and measurement of financial liabilities

The Group's financial liabilities include borrowings, trade and other payables and derivative financial instruments. Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Group designated a financial liability at fair value through profit or loss.

Subsequently, financial liabilities are measured at amortised cost using the effective interest method except for derivatives and financial liabilities designated at FVTPL, which are carried subsequently at fair value with gains or losses recognised in profit or loss (other than derivative financial instruments that are designated and effective as hedging instruments).

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance costs or finance income.

Derivative financial instruments and hedge accounting

Derivative financial instruments are accounted for at fair value through profit and loss (FVTPL) except for derivatives designated as hedging instruments in cash flow hedge relationships, which require a specific accounting treatment.

To qualify for hedge accounting, the hedging relationship must meet all of the following requirements:

- there is an economic relationship between the hedged item and the hedging instrument
- the effect of credit risk does not dominate the value changes that result from that economic relationship
- the hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the entity actually hedges and the quantity of the hedging instrument that the entity actually uses to hedge that quantity of hedged item.

All derivative financial instruments used for hedge accounting are recognised initially at fair value and reported subsequently at fair value in the statement of financial position. To the extent that the hedge is effective, changes in the fair value of derivatives designated as hedging instruments in cash flow hedges are recognised in other comprehensive income and included within the cash flow hedge reserve in equity. Any ineffectiveness in the hedge relationship is recognised immediately in profit or loss.

At the time the hedged item affects profit or loss, any gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss and presented as a reclassification adjustment within other comprehensive income. However, if a non-financial asset or liability is recognised as a result of the hedged transaction, the gains and losses previously recognised in other comprehensive income are included in the initial measurement of the hedged item.

If a forecast transaction is no longer expected to occur, any related gain or loss recognised in other comprehensive income is transferred immediately to profit or loss. If the hedging relationship ceases to meet the effectiveness conditions, hedge accounting is discontinued and the related gain or loss is held in the equity reserve until the forecast transaction occurs.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

o) Trade and other payables*Trade and other payables*

Trade payables and other payables are carried at amortised cost and represent liabilities for goods and services provided to the Group prior to the end of the financial year that are unpaid and arise when the Group becomes obliged to make future payments in respect of the purchase of these goods and services. Trade and other payables are presented as current liabilities unless payment is not due within 12 months.

Employee leave benefits

Wages, salaries, annual leave and sick leave

Liabilities accruing to employees in respect of wages and salaries, annual leave, long service leave and sick leave expected to be settled within 12 months of the balance date are recognised in other payables in respect of employees' services up to the balance date.

They are measured at the amounts expected to be paid when the liabilities are settled. Liabilities for non-accumulating sick leave are recognised when the leave is taken and are measured at the rates paid or payable.

Liabilities accruing to employees in respect of wages and salaries, annual leave, long service leave and sick leave not expected to be settled within 12 months of the balance date are recognised in non-current other payables in respect of employees' services up to the balance date. They are measured as the present value of the estimated future outflows to be made by the Group.

p) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not recognised for future operating losses. When the Group expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of profit or loss and other comprehensive income net of any reimbursement. Provisions are measured at the present value or management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects the risks specific to the liability.

q) Issued capital

Ordinary share capital is recognised at the fair value of the consideration received by the Company. Any transaction costs arising on the issue of ordinary shares are shown in equity as a deduction, net of tax, from the proceeds received.

r) Earnings or loss per share

Basic earnings or loss per share is calculated as net profit or loss after income tax attributable to members of the Company, adjusted to exclude any costs of servicing equity (other than dividends) and preference share dividends, divided by the weighted average number of ordinary shares outstanding, adjusted for any bonus elements in ordinary shares issued during the year.

Diluted earnings or loss per share is calculated as net profit or loss attributable to members of the Company, adjusted for:

- costs of servicing equity (other than dividends) and preference share dividends; and
- the after tax effect of dividends and interest associated with dilutive potential ordinary shares that have been recognised as expenses; and other non-discretionary changes in revenues or expenses during the period that would result from the dilution of potential ordinary shares; divided by the weighted average number of ordinary shares and dilutive potential ordinary shares, adjusted for any bonus element.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

s) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors of Oakajee Corporation Limited.

t) Comparative figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

u) Interest in joint operation

A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

When a Group entity undertakes its activities under joint operations, the Group as a joint operator recognises in relation to its interests a joint operation:

- its assets, including its share of any assets held jointly;
- its liabilities, including its share of any liabilities incurred jointly;
- its revenue from the sale of its share of the output arising from the joint operation;
- its share of the revenue from the sale of the output by the joint operation; and
- its expenses, including its share of any expenses incurred jointly.

The Group accounts for the assets, liabilities, revenues and expenses relating to its interest in a joint operation in accordance with the relevant standards and interpretations applicable to the particular assets, liabilities, revenues and expenses.

When a Group entity transacts with a joint operation in which a Group entity is a joint operator (such as a sale or contribution of assets), the Group is considered to be conducting the transaction with the other parties to the joint operation, and gains and losses resulting from the transactions are recognised in the Group's consolidated financial statements only to the extent of other parties' interests in the joint operation.

When a Group entity transacts with a joint operation in which a Group entity is a joint operator (such as a purchase of assets), the Group does not recognise its share of the gains and losses until it resells those assets to a third party.

OAKAJEE CORPORATION LIMITED

ACN 123 084 453

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

2. Expenses	Consolidated 30 June 2020 \$	Consolidated 30 June 2019 \$
a) Administrative expenses		
ASX fees	29,915	110,196
Accounting and company secretarial fees	50,595	47,960
Legal and professional fees	2,000	144,111

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

4. Income tax (continued)

	Opening balance	Charged to income	Charged to equity	Amounts not recognised	Closing balance
	\$	\$	\$	\$	\$
30 June 2019					
Equity financial assets	-	-	(18,614)	18,614	-
Intangible assets	-	6,154	-	(6,154)	-
Other assets	-	(3,960)	-	3,960	-
Tax losses carried forward	-	828,717	-	(828,717)	-
Share issue expenses	-	-	38,714	(38,714)	-
Accrued expenses and liabilities	-	30,349	-	(30,349)	-
	-	861,260	20,100	(881,360)	-

The Company has tax losses arising in Australia, the tax effect of these losses is \$1,029,325 (2019: \$828,717). The losses are available indefinitely for offset against future taxable profits of the companies in which the losses arose.

The deductible temporary differences and tax losses do not expire under current tax legislation. Deferred tax assets have not been recognised in respect of these items because it is not probable that future taxable profit will be available against which the Company can utilise the benefits thereof.

5. Cash and cash equivalents

	Consolidated 30 June 2020 \$	Consolidated 30 June 2019 \$
Cash at bank	2,411,376	3,038,344

Cash at bank earns interest at floating rates based on daily bank deposit rates. Short-term deposits are made for varying periods of between one day and three months, depending on the immediate cash requirements of the Group, and earn interest at the respective short-term deposit rates.

6. Trade and other receivables

Trade and sundry debtors	158	-
GST receivable	8,847	31,936
Government grant income	33,354	-
	42,359	31,936

7. Property, plant and equipment

At cost	33,574	29,780
Accumulated depreciation	(29,877)	(29,443)
Total written down value	3,697	337

Reconciliation

Carrying amount at beginning of year	337	444
Additions	3,793	-
Depreciation expense	(4,333)	(107)
Total property, plant and equipment	3,697	337

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

8. Other assets	Consolidated 30 June 2019 \$	Consolidated 30 June 2019 \$
Prepaid insurance	16,030	13,200
9. Deferred exploration and evaluation expenditure		
Balance at beginning of period	135,000	-
Acquisition of tenements	-	135,000
Total deferred exploration and evaluation expenditure	135,000	135,000

The recoupment of costs carried forward in relation to areas of interest in the exploration and evaluation phases is dependent on the successful development and commercial exploitation or sale of the respective areas.

10. Financial instruments*Capital risk management*

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The Group's overall strategy remains unchanged from 2019.

The capital structure of the Group consists of cash and cash equivalents, borrowings and equity attributable to equity holders of the parent, comprising issued capital, reserves and retained earnings. None of the Group's entities are subject to externally imposed capital requirements.

Operating cash flows are used to maintain and expand operations, as well as to make routine expenditures such as general administrative outgoings.

Financial risk management objectives

The Group is exposed to, (i) market risk (which includes foreign currency exchange risk, interest rate risk, share price risk and commodity price risk), (ii) credit risk and (iii) liquidity risk.

The Group does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes

Market risk

The Group's activities expose it primarily to the financial risks of changes in interest rates and share prices. There has been no change to the Group's exposure to market risks or the manner in which it manages and measures the risk from the previous period

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

10. Financial instruments (continued)

Interest rate risk management

The Group's exposure to risks of changes in market interest rates relates primarily to the Group cash balances. The Company constantly analyses its interest rate exposure. Within this analysis consideration is given to potential renewals of existing positions, alternative financing positions and the mix of fixed and variable interest rates. As the Group has no interest bearing borrowing, its exposure to interest rate movements is limited to the amount of interest income it can potentially earn on surplus cash deposits.

	Time Period	Interest Bearing (Floating)	Non-Interest Bearing	Total Carrying Amount as per the Balance Sheet	Weighted Average Effective Interest Rate %
30 June 2020					
Financial assets:					
Cash	<1 year	2,411,376	-	2,411,376	1
Trade and other receivables	<1 year	-	42,359	42,359	-

30 June 2019					
Financial assets:					
Cash	<1 year	3,038,344	-	3,038,344	1
Trade and other receivables	<1 year	-	31,936	31,936	-
Other financial assets	<1 year	-	13,200	13,200	-
FVOCI investments	>1 year	-	1,067,000	1,067,000	-
Total financial assets		3,038,344	1,112,136	4,150,480	
Financial liabilities					
Trade creditors and other payables	<1 year	-	47,309	47,309	-
Provisions	<1 year	-	81,871	81,871	-
Total financial liabilities		-	129,180	129,180	

Interest rate risk sensitivity analysis

Exposure arises predominantly from assets and liabilities bearing variable interest rates as the Group intends to hold fixed rate assets and liabilities to maturity. Interest rate risk is considered immaterial.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

10. Financial instruments (continued)*Credit risk management*

Credit risk is the risk that a counterparty fails to discharge an obligation to the Group. The group is exposed to credit risk from financial assets including cash and cash equivalents held at banks and trade and other receivables.

The Company does not have any significant credit risk exposure to any single counterparty or any Group of counterparties having similar characteristics. The credit risk on liquid funds is limited because the counterparties are banks with high credit ratings assigned by international credit rating agencies. The carrying amount of financial assets recorded in the financial statements, net of any allowance for losses, represents the Group's maximum exposure to credit risk without taking account of the value of any collateral obtained.

Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of Directors, who have built an appropriate liquidity risk management framework for the management of the Group's short, medium and long-term funding and liquidity management requirements.

The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

Equity price risks

The Group is exposed to equity price risks arising from equity investment assets. Equity investments are held for strategic rather than trading purposes. The Group does not actively trade these investments. All of the Group's investments are publicly traded. The Group's exposure to equity price risks at balance date is not material and no sensitivity analysis has been performed.

Fair value measurement

The fair value of financial assets and financial liabilities for investment not measured at fair value on a recurring basis, approximates their carrying value at balance date. Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy.

The three levels are defined based on the observe ability of significant inputs to the measurement, as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The following table shows the levels within the hierarchy of financial assets and liabilities measured at fair value on a recurring basis as at 30 June 2020 and 30 June 2019:

	30 June 2020	30 June 2019		
	Fair value	Fair value	Fair value	Valuation
	\$	\$	hierarchy	technique
Equity investments designated FVOCI	682,000	1,067,000	Level 1	Quoted market prices in an active market

The Directors consider that the carrying amounts of current receivables and current payables are a reasonable approximation of their fair values.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

10. Financial instruments (continued)

Movement in equity investments designated at FVOCI:	Consolidated 30 June 2020 \$	Consolidated 30 June 2019 \$
Opening balance	1,067,000	3,560,000
Additions	581,935	1,069,670
Fair value movement through OCI	(509,583)	(1,346,300)
Deferred tax on revaluation	-	18,614
Disposals	(457,352)	(2,234,984)
Closing balance	<u>682,000</u>	<u>1,067,000</u>

During the year, the Group also acquired and disposed of other listed equity investments which it had designated as Fair Value Through Profit or Loss (FVTPL).

Movement in equity investments designated at FVTPL:	Consolidated 30 June 2020 \$
Balance at 1 July 2019	-
Additions	258,000
Disposals	(348,500)
Gain on sale of listed investments at FVTPL	90,500
Closing balance	<u>-</u>

11. Trade and other payables

	Consolidated 30 June 2020 \$	Consolidated 30 June 2019 \$
Accruals	20,000	15,000
Trade creditors	3,569	17,192
Other expenses	15,783	15,117
	<u>39,352</u>	<u>47,309</u>

Trade creditors are non-interest bearing and are normally settled on 30 days terms.

12. Provisions

Employee benefits	<u>84,571</u>	<u>81,871</u>
-------------------	---------------	---------------

The provision for employee benefits represents annual leave and long service leave payable.

13. Issued capital and reserves

	30 June 2020 \$	30 June 2019 \$
(a) Issued and paid up capital		
91,446,030 (2019: 91,446,030) ordinary shares fully paid	<u>9,465,148</u>	<u>9,465,148</u>

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

13. Issued capital and reserves (continued)

(b) Movements in fully paid ordinary shares during the year were as follows:

	2020		2019	
	No. of shares	\$	No. of shares	\$
Opening balance	91,446,030	9,465,148	51,000,000	7,131,169
Issue of shares in public offer	-	-	25,000,000	2,000,000
Issue of shares on exercise of unlisted options	-	-	14,408,530	288,171
Issue of shares to consultants	-	-	100,000	8,000
Issue of shares for asset acquisition	-	-	937,500	75,000
Less: capital raising costs	-	-	-	(37,192)
Closing balance	91,446,030	9,465,148	91,446,030	9,465,148

(c) Terms and conditions of issued capital

Ordinary Shares

Ordinary shares entitle the holder to participate in dividends and the proceeds on winding up of the Group in proportion to the number of shares held. At shareholder meetings, each ordinary share is entitled to one vote when a poll is called, otherwise each shareholder has one vote on a show of hands.

(d) Reserves

	Consolidated 30 June 2020 \$	Consolidated 30 June 2019 \$
Fair value reserve		
Opening balance	(4,200,000)	2,356,510
Prior recognition of impairment of equity investments	-	(4,994,000)
Equity investments at FVOCI – net change in fair value	(509,583)	(1,346,300)
Transfer on disposal of investments of equity investments at FVOCI	124,583	(216,210)
Closing balance	(4,585,000)	(4,200,000)

Options Reserve

The options reserve of \$78,179 (2019: \$78,179) comprises the amount paid for 17,000,000 share options issued by the Company on 28 February 2019.

14. Earnings per share

	Consolidated 30 June 2020 \$	Consolidated 30 June 2019 \$
Basic loss per share (cents)	(0.53)	(1.12)
Weighted average number of ordinary shares on issue used in the calculation of basic loss per share	91,446,030	58,142,593
Loss used in the calculation of basic loss per share	(480,516)	(671,965)

As there are no outstanding options on issue, the diluted (loss)/earnings per share is the same as basic loss per share.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

15. Key management personnel disclosures

*(a) Details of key management personnel during the year ended 30 June 2020***Directors**

Mark Jones (Managing Director)

Gary Watson (Non-Executive Director)

Garry Thomas (Non-Executive Director)

Douglas Rose (Non-Executive Director)

(b) Remuneration of key management personnel

Key management personnel remuneration has been included in the Remuneration Report of the Directors' Report. The aggregate compensation paid to key management personnel of the Company is set out below:

	Consolidated 30 June 2020 \$	Consolidated 30 June 2019 \$
Short-term employee benefits	180,662	170,517
Post-employment benefits	17,163	16,199
Total	<u>197,825</u>	<u>186,716</u>

(c) Loans to/from related parties

There were no loans outstanding to/from related parties at the end of the period.

(d) Transactions with other related parties

During the year ended 30 June 2020, the Company paid \$20,796 (excluding GST) to a Director related entity of Mark Jones for rental of office premises. As at 30 June 2020, there was a nil balance outstanding.

There were no other related party transactions during the year ended 30 June 2020.

16. Auditor's remuneration

The auditor of Oakajee Corporation Limited is HLB Mann Judd.

	Consolidated 30 June 2020 \$	Consolidated 30 June 2019 \$
Amounts received or due and receivable (excluding GST) by the auditors of the Company for:		
(i) Audit or review of the financial statements	35,053	25,486
(ii) Other assurance services - independent limited assurance report for prospectus	-	9,000
	<u>35,053</u>	<u>34,486</u>

17. Significant events after balance date

No matters or events have arisen since 30 June 2020 which have significantly affected, or may significantly affect, the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial periods.

The impact of the Coronavirus (COVID-19) pandemic is ongoing as at 30 June 2020 and it is not practicable to estimate the potential impact, positive or negative, on the Group's activities after the reporting date. The situation is rapidly developing and is dependent on measures imposed by the Australian Government and other countries, such as maintaining social distancing requirements, quarantine, travel restrictions and any economic stimulus that may be provided.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

18. Segment information

AASB 8 Operating Segments requires operating segments to be identified on the basis of internal reports about components of the Group that are regularly reviewed by the Chief Operating Decision Maker in order to allocate resources to the segment and to assess its performance.

The Group's operating segments have been determined with reference to the monthly management accounts used by the Chief Operating Decision maker to make decisions regarding the Group's operations and allocation of working capital. Due to the size and nature of the Group, the Board as a whole has been determined as the Chief Operating Decision Maker. Based on qualitative thresholds included in AASB 8, there is only one reportable segment, being mineral exploration in Australia and investing in mineral exploration companies in Australia.

The revenues and results of this segment are those of the Group as a whole and are set out in the consolidated statement of profit or loss and other comprehensive income and the assets and liabilities of the Group as a whole are set out in the consolidated statement of financial position.

19. Commitments and Contingencies*Exploration commitments*

The Company has certain obligations to perform minimum exploration work and to spend minimum amounts on exploration tenements. The obligations may be varied from time to time subject to approval and are expected to be fulfilled in the normal course of the operations of the Company.

Due to the nature of the Company's operations in exploring and evaluating areas of interest, it is difficult to accurately forecast the nature and amount of future expenditure beyond the next year. Expenditure may be reduced by seeking exemption from individual commitments, by relinquishing of tenure or any new joint venture agreements. Expenditure may be increased when new tenements are granted.

Commitment contracted for at balance date but not recognised as liabilities are as follows:

	2020	2019
	\$	\$
Within one year	163,320	200,000

Capital Commitments

The Company does not have any capital commitments as at balance date.

Lease - office premises

The Company holds a lease for office premises with no fixed term which commenced on 1 August 2012. Annual rent for the lease for the year ended 30 June 2020 was \$20,796 (excluding GST). The Company has availed itself of the short-term lease exemption contained in AASB 16, and as a result, has not been required to record the effects of this lease in its accounting records.

20. Related party disclosures*Subsidiary Entities*

The consolidated financial statements include the financial statements of Oakajee Corporation Limited and its wholly owned subsidiary Oakajee Exploration Pty Ltd which was incorporated on 22 October 2018.

Oakajee Corporation Limited is the ultimate Australian parent entity and ultimate parent of the Group. Loans made by Oakajee Corporation Limited to its wholly-owned subsidiary are contributed to meet required expenditure payable on demand and are not interest bearing.

Transactions with other Related Parties

Refer to Note 15 for details of transactions with key management personnel.

Other than disclosed in Note 15, there were no other related party transactions during the financial year.

DIRECTORS' DECLARATION

In the opinion of the Directors of Oakajee Corporation Limited (the "Company"):

- a) the accompanying financial statements and notes are in accordance with the Corporations Act 2001, including:
 - (i) complying with Accounting Standards, the Corporations Regulations 2001, professional reporting requirements and other mandatory Australian requirements; and
 - (ii) giving a true and fair view of the Group's financial position as at 30 June 2020 and of its performance for the financial year ended on that date.
- b) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.
- c) the financial statements and notes thereto are in accordance with International Financial Reporting Standards issued by the International Accounting Standards Board.

This declaration has been made after receiving the declarations required to be made to the Directors in accordance with Section 295A of the Corporations Act 2001 for the financial year ended 30 June 2020.

This declaration is signed in accordance with a resolution of the Board of Directors.

Mark Jones

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Oakajee Corporation Limited ("the Company") and its controlled entities ("the Group"), which comprises the consolidated statement of financial position as at 30 June 2020, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the Group's financial position as at 30 June 2020 and of its financial performance for the year then ended; and
- b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* ("the Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the key audit matter
<p>Accounting for equity investments Note 10 of the financial report</p> <p>The Group holds equity interests in listed companies. The Group is required to consider its accounting policy in relation to this asset in light of accounting standard AASB 9 <i>Financial Instruments</i>.</p> <p>We considered this to be a key audit matter due to this item representing a significant asset of the Group and the judgements required by management in ensuring the Group complied with AASB 9.</p>	<p>Our audit procedures included but were not limited to the following:</p> <ul style="list-style-type: none"> - We considered the valuation methodology applied to this asset with reference to readily available market data and considered impairment indicators; - We reperformed the calculations in relation to acquisitions and disposals throughout the year; - We verified that the Group had ownership of the listed investments at balance date; and - We assessed the adequacy of the Group's disclosures in the financial report relating to its equity investments.
<p>Carrying value of exploration and evaluation expenditure Note 9 of the financial report</p> <p>The Group has capitalised exploration and evaluation expenditure of \$135,000 as at balance date in accordance with AASB 6 <i>Exploration for and Evaluation of Mineral Resources</i>.</p> <p>We considered this to be a key audit matter as the capitalised exploration and evaluation expenditure is a significant asset of the Group. There is a risk that the capitalised exploration and evaluation expenditure no longer meets the recognition criteria of AASB 6.</p>	<p>Our procedures included but were not limited to the following:</p> <ul style="list-style-type: none"> - We obtained an understanding of the key processes associated with management's review of the carrying value of exploration and evaluation expenditure; - We considered the Directors' assessment of potential indicators of impairment; - We obtained evidence that the Group has current rights to tenure of its areas of interest; - We enquired with management and reviewed ASX announcements and minutes of Directors' meetings to ensure that the Group had not decided to discontinue exploration and evaluation at its areas of interest; and - We assessed the adequacy of the Group's disclosures in the financial report relating to exploration and evaluation expenditure.

Information other than the financial report and auditor's report thereon

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2020, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the financial report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included within the directors' report for the year ended 30 June 2020.

In our opinion, the Remuneration Report of Oakajee Corporation Limited for the year ended 30 June 2020 complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
