Brief Explanation of Revenue and Net Profit

The net loss after income tax attributable to members of the Company for the financial year ended 30 June 2015 amounted to \$519,412 (2014: \$2,402,524).

Revenue for the year comprises interest earned on cash holdings.

Expenses of \$533,717 mainly comprises impairment of available for sale listed investments, employee benefit expenses and general corporate overheads.

Review of Operations

The financial year ended 30 June 2015 provided continued difficult investment conditions for Oakajee Corporation Limited, resulting in a disappointing financial performance.

The value of the Company's available for sale investments decreased from \$2,750,000 at 30 June 2014 to \$1,952,000 at 30 June 2015, and the Company recorded a loss from operations for the year of \$519,412 down from a loss of \$2,402,525 in the previous year.

The Company fully divested its position in Elemental Minerals Limited during the year. The Board is optimistic that the likelihood of improving market conditions in the 2016 financial year will see an increased return in value of these investments.

Whilst the Board has reviewed a number of investment opportunities during the year, none of these prospects have met all of the Board's criteria for investment approval. The Board will continue to evaluate new opportunities.

At 30 June 2015, the Company had net assets of \$2,693,338 (2014: 3,369,200).

DIRECTORS' REPORT

The Directors of Oakajee Corporation Limited (the "Company" or "Oakajee") present their annual financial report on the Company for the financial year ended 30 June 2015. In order to comply with the provisions of the Corporations Act 2001, the Directors' report is as follows.

The Board of Directors

The names and details of Directors who held office during and since the end of financial year and until the date of this report are as follows.

Directors were in office for the entire period unless otherwise stated.

Mr Mark Wesley Jones (Managing Director)

Mark is a Non-Executive Director of Patersons Securities Limited, one of the largest stockbroking firms in Australia and is the Chairman of EZA Corporation Limited. He has been instrumental in raising capital for many exploration companies from IPO to production and brings over 20 years of mining and stock market experience.

Mark did not serve as Director of any other listed companies in the 3 years immediately before the end of the financial year.

Mr Garry Thomas (Non-Executive Director)

Garry is a Civil Engineer with over 30 years' experience in civil construction, mine development and operations. He has been involved in the implementation of mining operations in Australia, Indonesia, Laos, Russia, Zimbabwe, Ghana, Zambia, South Africa, Algeria, Mexico and Mali.

He has managed the construction and commissioning of over 20 CIL/CIP, flotation and heap leach plants in Australasia, Russia and Africa as well as many plant upgrades.

Garry has been instrumental in the procurement and development of Elemental Minerals Limited's Potash project in West Africa. He was also the founding Managing Director of Intermet Engineering Pty Limited, a minerals processing engineering Company, since its inception in Australia in 2001 to its sale in 2008.

Garry did not serve as Director of any other listed companies in the 3 years immediately before the end of the financial year.

Mr Doug Rose (Non-Executive Director) *Appointed 21 July 2015*

Doug holds a Bachelor of Commerce degree from Curtin University.

He is currently the Managing Director of EZA Corporation Limited where he has overseen the re-structuring and subsequent sale of EZA's underlying ATM deployment business. Prior to his role with EZA, Doug was a Private Client Adviser with Patersons Securities Limited.

Doug did not serve as Director of any other listed companies in the 3 years immediately before the end of the financial year.

DIRECTORS' REPORT

Mr Graham Anderson (Non-Executive Chairman)

Due to his passing, Graham Anderson ceased to be Chairman and director on 20 July 2015.

Graham held a Bachelor of Business Degree and was a member of the Institute of Chartered Accountants in Australia. Graham commenced his career in 1983 with Ernst & Young before later moving to the national chartered accounting firms of Duesburys and Horwath as a Partner with particular responsibilities for providing a range of audit and related corporate services.

In 1999 Graham established GDA Corporate, his own specialist corporate advisory, management and consulting practice. He had extensive experience and knowledge of the ASX Listing Rules and the Corporations Act 2001 and has acted as Director and Company Secretary to a number of ASX listed entities. He has also been significantly involved in the Initial Public Offering ("IPO") stages including due diligence processes for a number of companies in the past years.

Principal Activities

The principal activity of the Company during the year was investment.

The Board continues to implement a program of prudent cost control and holds its investments in listed securities and cash reserves to ensure the Company's strong liquidity position.

Review of Operations

The financial year ended 30 June 2015 provided continued difficult investment conditions for Oakajee Corporation Limited, resulting in a disappointing financial performance.

The value of the Company's available for sale investments decreased from \$2,750,000 at 30 June 2014 to \$1,952,000 at 30 June 2015, and the Company recorded a loss from operations for the year of \$519,412 down from a loss of \$2,402,525 in the previous year.

The Company fully divested its position in Elemental Minerals Limited during the year. The Board is optimistic that the likelihood of improving market conditions in the 2016 financial year will see an increased return in value of these investments.

Whilst the Board has reviewed a number of investment opportunities during the year, none of these prospects have met all of the Board's criteria for investment approval. The Board will continue to evaluate new opportunities.

At 30 June 2015, the Company had net assets of \$2,693,338 (2014: \$3,369,200).

Operating Results for the Year

The net loss after income tax of the Company for the year ended 30 June 2015 was \$519,412 (2014: \$2,402,525). At 30 June 2015, the Company had \$807,077 in cash (2014: \$675,917).

Dividends

No dividends were paid during the year and the Directors recommend that no dividends be paid or declared for the financial year ended 30 June 2015.

DIRECTORS' REPORT

Significant Changes in State of Affairs

There have been no significant changes in the state of affairs of the Company not otherwise disclosed to the date of this report.

Subsequent Events

The market value of the Company's available-for-sale financial assets decreased by \$251,750 to \$1,700,250 as at 27 August 2015. Due to market volatility, the value of these investments may fluctuate materially either positively or negatively on a daily basis.

No other matters or events have arisen since 30 June 2015 which have significantly affected, or may significantly affect, the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial periods.

Likely Developments

Disclosure of information regarding likely developments in the operations of the Company in future financial years and the expected results of those operations is likely to result in unreasonable prejudice to the Company. Therefore, this information has not been presented in this report.

Environmental Legislation

The Company is not subject to any significant environmental legislation.

DIRECTORS' REPORT

Remuneration Report (audited)

This report, which forms part of the Directors' report, outlines the remuneration arrangements in place for key management personnel of Oakajee Corporation Limited (the "Company") for the financial year ended 30 June 2015. The information provided in this remuneration report has been audited as required by Section 308(3C) of the Corporations Act 2001.

The remuneration report details the remuneration arrangements for key management personnel who are defined as those persons having authority and responsibility for planning, directing and controlling the major activities of the Company, directly or indirectly, including any Director (whether Executive or otherwise) of the Company.

Details of Key Management Personnel

Directors

Mark Jones (Managing Director)

Garry Thomas (Non-Executive Director)

Doug Rose (Non-Executive Director) *Appointed 21 July 2015*

Graham Anderson (Non-Executive Chairman) *Ceased Appointment on 20 July 2015*

Remuneration Policy

The Board of Directors is responsible for determining and reviewing compensation arrangements for the Directors. The Board assesses the appropriateness of the nature and amount of remuneration of such officers on a periodic basis by reference to relevant employment conditions, with the overall objective of ensuring maximum stakeholder benefit from the retention of a high quality Board.

The Board acts as the Remuneration Committee and assesses the nature and amount of compensation of key management personnel.

All remuneration paid to key management personnel is expensed. Any options granted to key management personnel are valued using either the Black-Scholes or binomial option pricing models.

The Board policy is to remunerate Non-Executive Directors at market rates for time, commitment and responsibilities. The Board determines payments to the Non-Executive Directors and will review their remuneration annually, based on market practice, duties and accountability and to ensure their remuneration is competitive in attracting, retaining and motivating people with appropriate skills and experience. Independent external advice is sought where required.

The maximum amount of fees that can be paid to Non-Executive Directors is subject to approval by shareholders at the Annual General Meeting. Fees for Non-Executive Directors are currently fixed at up to \$350,000 and are not linked to the performance of the Company. However, to align Directors' interests with shareholder interests, the Directors are encouraged to hold shares in the Company.

Performance Based Remuneration

No performance based amounts have been paid or determined to be paid to Directors at this stage of the Company's development.

Corporate Governance Statement

Overview

The Company's Board governs the business on behalf of shareholders as a whole with the prime objective of protecting and enhancing shareholder value. The Board is committed to, and ensures that the:-

- (i) executive management runs the Company in accordance a high level of ethics and integrity;
- (ii) Board and management complies with all applicable laws and regulations;
- (iii) Company continually reviews the governance framework and practices to ensure it fulfils its corporate governance obligations.

The Board endorses the ASX Corporate Governance Principles and Recommendations ('ASX CGP') however, as a junior company, at this stage of the Company's corporate development, implementation of the ASX CGP is not practical in every instance given the modest size and scale of the Company operations.

During the year ended 30 June 2015, the Company considered the 3rd Edition of the ASX CGP. This Statement reports on the revised recommendations and outlines the main corporate governance practices employed by the Board. Where it has not adopted a particular recommendation, an explanation is provided.

This Corporate Governance Statement was approved by the Board on 28 August 2015 and is current as at that date in accordance with ASX Listing Rule 4.10.3. The Corporate Governance Statement will also be published on the Company's website at <http://www.oakajeecorp.com.au/>

1. Laying solid foundations for management and oversight

Role and Responsibility of Board and Management

The relationship between the Board and senior management is critical to the Company's long term success. The Board is responsible for the performance of the Company in both the short and longer term and seeks to balance sometimes competing objectives in the best interests of the Company as a whole. The key aims of the Board are to enhance the interests of shareholders and other key stakeholders and to ensure the Company is properly managed.

Day to day management of the Company's affairs and the implementation of the corporate strategy and policy initiatives are formally delegated by the Board to the Chief Executive Officer and senior management.

The responsibilities of the Board as a whole, the Chairman and individual Directors are set out in the Company's Board Charter and are consistent with ASX CGP 1. A copy of the Board Charter is available in the Corporate Governance section of the Company's website.

Before appointing a new Director, the Company will undertake appropriate checks such as a character reference, police clearance certificate, bankruptcy check and any other check it deems appropriate. Where a Director is to be re-elected or a candidate is put up for election to shareholders, all material information will be provided to shareholders for consideration.

To ensure that Directors clearly understand the requirements of their role, formal letters of appointment are provided to them. The content of the appointment letter is consistent with that set out in ASX CGP 1.

To ensure that Executive Directors clearly understand the requirements of the role, service contracts and formal job descriptions are provided to them, the content of which is consistent with ASX CGP1.

Access to information

Directors may access all relevant information required to discharge their duties in addition to information provided in Board papers and regular presentations delivered by executive management on business performance and issues. With the approval of their Chairman, Directors may seek independent professional advice, as required, at the Company's expense.

OAKAJEE CORPORATION LIMITED

ACN 123 084 453

Company Secretary

The Company Secretary is accountable directly to the Board, through the Chairman, on all matters to do with the proper functioning of the Board. The role of the Company Secretary is consistent with ASX CGP1.

Diversity

The Board considers that due to the size of the Company, formally documenting the policy concerning gender diversity and the setting of measurable diversity objectives is not appropriate. The Company has only one full time employee and utilises external consultants and contractors to complement the full time workforce as and when required.

The Company provides equal employment opportunities to men and women at all times. Measurable objectives will be considered by the Board when the Company becomes of a size that warrants such objectives. Once established, the Board will review progress against any objectives identified on an annual basis.

Performance Evaluation

The Chairman and/or the Managing Director are responsible for reviewing the performance of each individual Director at least once every calendar year with reference to the terms of their employment contract. A Director is nominated to review the individual performance of the Chairman and/or the Managing Director and meets privately with him to discuss this assessment.

2. Structure of the Board

Board composition

The Directors determine the composition and size of the Board in accordance with the Company's Constitution. The Constitution empowers the Board to set upper and lower limits with the number of Directors not permitted to be less than three. There are currently three Directors appointed to the Board and their skills and experience, qualifications, term of office and independence status is set out in the Directors' Report.

Nominations committee

Due to the Company's size and scale, the Board has not established a sub-committee to undertake the responsibilities normally undertaken by a Nomination Committee. The Board is charged to undertake the responsibilities normally undertaken by a Nomination Committee.

Board succession/Board skills matrix

The Board has adopted a Board skills matrix which identifies its collective mix of skills and diversity. The current composition of the Board is regarded as balanced with a complementary range of skills, independence, diversity and experience to enable it to discharge its duties and responsibilities effectively.

Should the Company be in the position where it believes that it or a new Director does not have the requisite skills and experience, the Company will ensure that appropriate training or development is provided to ensure that the current or new Director has sufficient knowledge, skills and an understanding of their responsibilities.

Director independence

Based on the definition of independence published in ASX CGP 2, only one Director is considered independent. Mr Jones and Mr Thomas are not independent as they are substantial security holders of the Company. Mr Rose is deemed independent.

Independent Decision Making

The majority of the Board is not independent and the Company recognises that this is a departure from ASX CGP 2. All Directors bring to the Board the requisite skills which are complementary to those of the other Directors and enable them to adequately discharge their responsibilities and bring independent judgments to bear on their decisions.

OAKAJEE CORPORATION LIMITED

ACN 123 084 453

Materiality thresholds used to assess Director independence have not as yet been established however the Board considers a Director to be independent where he or she is not a member of management and is free of any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the Director's ability to act in the best interests of the Company.

The Board believes that the interests of the shareholders are best served by the current composition of the Board which is regarded as balanced with a complementary range of skills, diversity and experience as detailed in the Directors' Report.

The following measures are in place to ensure the decision making process of the Board is subject to independent judgments:-

- A standard item on each Board Meeting agenda requires Directors to focus on and declare any conflicts of interest in addition to those already declared;
- Directors are permitted to seek the advice of independent experts at the Company's expense, subject to the approval of the Chairman;
- All Directors must act all times in the interest of the Company; and
- Directors meet as required independently of executive management.

Adoption of these measures ensure that the interests of shareholders, as a whole, are pursued and not jeopardised by a lack of independence.

Inducting new Directors

New Non-Executive Directors will be provided with a pack of information and documents relating to the Company including the Constitution, financial statements, recent Board papers and the various Board policies and charters.

3. Ethical and Responsible Decision Making

Code of Conduct

A Code of Conduct Policy is in place to promote ethical and responsible practices and standards for Directors, employees and consultants of the Company to discharge their responsibilities. This Policy reflects the Directors' and key officers' intention to ensure that their duties and responsibilities to the Company are performed with the utmost integrity. A copy of the Code of Conduct policy is available to all employees and is also available in the Corporate Governance section of the Company's website. The terms are consistent with ASX CGP 3.

4. Integrity of corporate reporting

Audit Committee

Due to the size and scale of the Company, during the year the Board has not established a sub-committee to undertake the responsibilities normally undertaken by an Audit Committee.

The full Board undertakes all Audit Committee responsibilities in accordance with its Audit Committee Charter located on the Company's website. The responsibilities include the following:-

- Reviewing and approving statutory financial reports and all other financial information distributed externally;
- Monitoring the effective operation of the risk management and compliance framework;
- Reviewing the effectiveness of the Company's internal control environment including compliance with applicable laws and regulations;
- The nomination of the external auditors and the review of the adequacy of the existing external audit arrangements; and
- Considering whether non audit services provided by the external auditor are consistent with maintaining the external auditor's independence.

The Company will give consideration at an appropriate time in the Company's development, for the creation of an Audit Committee.

CEO/CFO Sign Off

Before the Board approves the Company's financial statements it receives a declaration from its CEO and CFO in accordance with ASX CGP 4.

OAKAJEE CORPORATION LIMITED

ACN 123 084 453

External Auditor

The lead audit partner responsible for the Company's external audit is required to attend each Annual General Meeting and to be available to answer shareholder questions about the conduct of the audit and the preparation and content of the auditor's report.

5. Timely and balanced disclosure

Continuous Disclosure Policy

The Company has a written policy on information disclosure that focuses on continuous disclosure of any information concerning the Company that a reasonable person would expect to have a material effect on the price of the Company's securities.

A copy of the Continuous Disclosure Policy is located in the Corporate Governance section of the Company's website and the terms are consistent with ASX CGP 5.

The Company Secretary has been nominated as the person responsible for communications with the Australia Securities Exchange (ASX). This role includes responsibility for ensuring compliance with the continuous disclosure requirements in the ASX Listing Rules and overseeing and co-ordinating information disclosure to the ASX, analysts, brokers, shareholders, the media and the public.

6. Rights of Security holders

Website

The Company maintains a website at <http://www.oakajeecorp.com.au/>. The website contains information consistent with ASX CGP 6.

Communication

The Company's Shareholder Communications Policy promotes effective communication with the Company's shareholders and encourages shareholder participation at general meetings. A copy of this Policy, which deals with communication through the ASX, the Share Registry, shareholder meetings and the annual report, may be found in the Corporate Governance section of the Company's website. All of the Company's announcements to the market may also be accessed through the Company's website. The Company's annual reports are posted on the Company's website.

Shareholders are provided with the opportunity to question the Board concerning the operation of the Company at the annual general meeting. They are also afforded the opportunity to question the Company's auditors at that meeting concerning matters related to the audit of the Company's financial statements.

Shareholders are also encouraged and given the opportunity to receive electronic communications from, and send electronic communications to, the Company and its share registry.

7. Recognising and Managing Risk

Risk Committee

Due to the size and scale of the Company, during the year the Board has not established a sub-committee to undertake the responsibilities normally undertaken by a Risk Committee.

The Board is responsible for ensuring that risks, as well as opportunities are identified on a timely basis and receive an appropriate and measured response, recognising however that no cost effective internal control system will preclude all errors and irregularities.

The Company currently is not subject to any material exposure to environmental and social sustainability risks. The principal areas of risk for the Company are in:-

- occupational health and safety and work related safety risks; and
- financial risk in the areas of maintaining sufficient funding for the continuation of operations and risks related to fraud, misappropriation and errors.

OAKAJEE CORPORATION LIMITED

ACN 123 084 453

The Board will review the effectiveness of implementation of the risk management system and internal control system at least annually. When reviewing risk management policies and internal control system the Board should take into account the Company's legal obligations and should also consider the reasonable expectations of the Company's stakeholders, including security holders, employees, customers, suppliers, creditors, consumers and the community.

Internal Audit

The Company does not currently have an internal audit function. Once the Company is at a size and scale that warrants an internal auditor or nears production status, the Board will be responsible for the appointment and overseeing of the internal auditor.

8. Remunerating Fairly and Responsibly

Remuneration and Nominations Committee

Due to the size and scale of the Company, during the year the Board has not established a sub-committee to undertake the responsibilities normally undertaken by a Remuneration & Nomination Committee. The Company will give consideration at an appropriate time in the Company's development, for the creation of sub-committees.

The full Board approves all management remuneration including the allocation of options (if any) and involves itself in the nomination, selection and retirement of Directors. No Director may be involved in setting their own remuneration or terms and conditions and in such a case relevant Directors are required to be absent from the full Board discussion.

The Board seeks to ensure that collectively its membership represents an appropriate balance between Directors with experience and knowledge of the Company and Directors with an external or fresh perspective. It shall review the range of expertise of its members on a regular basis and seeks to ensure that it has operational and technical expertise relevant to the operation of the Company.

Directors are re-elected, nominated and appointed to the Board in accordance with the Board's policy on these matters set out in the Remuneration Committee Charter, the Company's Constitution and ASX Listing Rules. In considering appointments to the Board, the extent to which the skills and experience of potential candidates complement those of the Directors in office is considered.

The Company's remuneration philosophy, objectives and arrangements are detailed in the Remuneration Report which forms part of the Directors' Report.

Remuneration of Non-Executive Directors

The annual total of fees to Non-Executive Directors is set by the Company's shareholders and allocated as Directors' Fees by the Board on the basis of the roles undertaken by the Directors. Full details of Directors' remuneration appear in the Remuneration Report. These fees are inclusive of statutory superannuation contributions. No retirement benefits are paid to Non-Executive Directors and no equity-based remuneration scheme exists for them.

Remuneration of Executive Management

Remuneration packages for Executive management are generally set to be competitive so as to both retain executives and attract experienced executives to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2015

1. Statement of Significant Accounting Policies

The following is a summary of the material accounting policies adopted by the Company in the preparation of the financial report. The accounting policies have been consistently applied to all the years presented, unless otherwise stated.

a) Basis of Preparation

The financial report is a general purpose financial report, which has been prepared in accordance with the requirements of the Corporations Act 2001, applicable Australian Accounting Standards, Accounting Interpretations and other mandatory professional reporting requirements. The financial report has been prepared on a historical cost basis, except for available-for-sale financial assets which have been measured at fair value, and is presented in Australian dollars.

Oakajee Corporation Limited is a Company limited by shares, incorporated and domiciled in Australia, whose shares commenced public trading on the Australian Securities Exchange on 11 June 2008. The Company was registered on 11 December 2006.

b) Statement of Compliance

The financial report of Oakajee Corporation Limited (the "Company" or "Oakajee") for the year ended 30 June 2015 was authorised for issue in accordance with a resolution of the Directors on 28 August 2015.

The financial report complies with Australian Accounting Standards, which include Australian equivalents to International Financial Reporting Standards ("AIFRS"). Compliance with AIFRS ensures that the financial report, comprising the financial statements and notes thereto, complies with International Financial Reporting Standards ("IFRS").

c) New, revised or amending Accounting Standards and Interpretations adopted

The Company has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Any significant impact on the accounting policies of the Company from the adoption of these Accounting Standards and Interpretations are disclosed below. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the Company. The following Accounting Standards and Interpretations are most relevant to the Company:

AASB 13 Fair Value Measurement and AASB 2011-8 Amendments to Australian Accounting Standards arising from AASB 13

The Company has applied AASB 13 and its consequential amendments from 1 July 2013. The standard provides a single robust measurement framework, with clear measurement objectives, for measuring fair value using the 'exit price' and provides guidance on measuring fair value when a market becomes less active. The 'highest and best use' approach is used to measure non-financial assets whereas liabilities are based on transfer value. The standard requires increased disclosures where fair value is used.

NOTES TO THE FINANCIAL STATEMENTS**FOR THE YEAR ENDED 30 JUNE 2015****New, revised or amending Accounting Standards and Interpretations adopted (continued)****c) *AASB 2012-2 Amendments to Australian Accounting Standards - Disclosures - Offsetting Financial Assets and Financial Liabilities***

The Company has applied AASB 2012-2 from 1 July 2013. The amendments enhance AASB 7 'Financial Instruments: Disclosures' and requires disclosure of information about rights of set-off and related arrangements, such as collateral agreements. The amendments apply to recognised financial instruments that are subject to an enforceable master netting arrangement or similar agreement.

AASB 2011-4 Amendments to Australian Accounting Standards to Remove Individual Key Management Personnel Disclosure Requirement

The Company has applied 2011-4 from 1 July 2013, which amends AASB 124 'Related Party Disclosures' by removing the disclosure requirements for individual key management personnel ('KMP'). Corporations and Related Legislation Amendment Regulations 2013 and Corporations and Australian Securities and Investments Commission Amendment Regulation 2013 (No.1) now specify the KMP disclosure requirements to be included within the directors' report.

d) Significant accounting judgements, estimates and assumptions

The application of accounting policies requires the use of judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions are recognised in the period in which the estimate is revised if it affects only that period, or in the period of the revision and future periods of the revision affects both current and future periods.

Impairment of available-for-sale financial assets

The Company follows the guidance of AASB 139 Financial Instruments: Recognition and Measurement to determine when an available-for-sale financial asset is impaired. This determination requires significant judgement. In making this judgement, the Company evaluates, among other factors, the duration and extent to which the fair value of an investment is less than its cost and the financial health of and short-term business outlook for the investee, including factors such as industry and sector performance, changes in technology and operational and financing cash flows. A net impairment expense of \$198,750 (2014: \$1,694,000) has been recognised during the year against the Company's available-for-sale financial assets as these investments have experienced a significant or prolonged decline in fair value below their cost.

e) Going Concern

The financial report has been prepared on the basis of accounting principles applicable to a going concern which assumes the commercial realisation of the future potential of the Company's assets and the discharge of its liabilities in the normal course of business.

As at 30 June 2015, the Company has cash and cash equivalents of \$807,077 and net operating cash outflows of \$300,840 for the year ended on that date. Notwithstanding this, the accounts have been prepared on a going concern basis. The Company has available-for-sale financial assets with a market value of \$1,952,000 at 30 June 2015. These available-for-sale financial assets represent investments in listed companies which are traded on ASX.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2015

e) **Going Concern (continued)**

The Company has the ability to sell these investments in a liquid market as and when the need for additional working capital arises. Listed shares were disposed of during the year ended 30 June 2015 for total proceeds of \$432,000. Further tranches will be sold if and when the need arises.

Accordingly, the Directors believe that Oakajee Corporation Limited has access to sufficient funding to enable it to continue as a going concern and that it is appropriate to adopt that basis of accounting in the financial report.

f) **Revenue Recognition**

Revenues are recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue can be recognised:

(i) Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

(ii) Dividends

Dividends are recognised as revenue when the Company's right to receive the payment is established.

g) **Leases**

Leases are classified at their inception as either operating or finance leases based on the economic substance of the agreement so as to reflect the risks and benefits incidental to ownership.

Operating leases

The minimum lease payments of operating leases, where the lessor effectively retains substantially all the risks and benefits of the leased item, are charged as expenses in the periods in which they are incurred.

h) **Cash and cash equivalents**

Cash comprises cash at bank and on hand. Cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purposes of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts.

i) **Trade and other receivables**

Trade receivables are measured on initial recognition at fair value and are subsequently measured at amortised cost using the effective interest rate method, less an allowance for impairment. Trade receivables are generally due for settlement within periods ranging from 15 days to 30 days.

Impairment of trade receivables is continually reviewed and those that are considered to be uncollectible are written off by reducing the carrying amount directly. An allowance account is used when there is objective evidence that the Company will not be able to collect all amounts due according to the original contractual terms. Factors considered by the Company in making this determination include known significant financial difficulties of the debtor, review of financial information and significant delinquency in making contractual payments to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2015

i) Trade and other receivables (continued)

The impairment allowance is set equal to the difference between the carrying amount of the receivable and the present value of estimated future cash flows, discounted at the original effective interest rate. Where receivables are short-term discounting is not applied in determining the allowance. The amount of the impairment loss is recognised in the statement of comprehensive income within other expenses. When a trade receivable for which an impairment allowance had been recognised becomes uncollectible in a subsequent period, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against other expenses in the statement of comprehensive income.

j) Income tax

The income tax expense or benefit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary difference and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Company operates and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation.

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the balance date.

Deferred income tax is provided on all temporary differences at the balance date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax liabilities are recognised for all taxable temporary differences except:

- when the deferred income tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and that, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; or
- when the taxable temporary difference is associated with investments in subsidiaries, associates or interests in joint ventures, and the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred income tax assets are recognised for all deductible temporary differences, carry-forward of unused tax assets and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry-forward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred income tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; or
- when the deductible temporary difference is associated with investments in subsidiaries, associates or interests in joint ventures, in which case a deferred tax assets is only recognised to the extent that it is probable that the temporary difference will reverse in the foreseeable future and taxable profit will be available against which the temporary difference can be utilised.

The carrying amount of deferred income tax assets is reviewed at each balance date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised. Unrecognised deferred income tax assets are reassessed at each balance date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance date. Income taxes relating to items recognised directly in equity are recognised in equity and not in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2015

k) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred on a purchase of goods and services is not recoverable from the Australian Tax Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Receivables and payables in the statement of financial position are shown inclusive of GST. The net amount of GST recoverable or payable is included as a current asset or current liability in the statement of financial position. Cash flows are included in the statement of cash flows on a gross basis. The GST components of cash flows arising from investing and financing activities which are recoverable or payable are classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

l) Property plant and equipment

Property, plant and equipment is carried at cost less any accumulated depreciation and any accumulated impairment losses.

Depreciation

Depreciation is calculated on a straight line basis over the estimated useful life of the asset as follows:

Class of fixed asset	Depreciation rate
Office Furniture	20%
Computer Software and Equipment	25%

Impairment

The carrying values of plant and equipment are reviewed for impairment at each reporting date, with recoverable amount being estimated when events or changes in circumstances indicate that the carrying value may be impaired.

The recoverable amount of plant and equipment is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

For an asset that does not generate largely independent cash inflows, recoverable amount is determined for the cash-generating unit to which the asset belongs, unless the asset's value in use can be estimated to be close to its fair value.

An impairment exists when the carrying value of an asset or cash-generating units exceeds its estimated recoverable amount. The asset or cash-generating unit is then written down to its recoverable amount.

Derecognition and disposal

An item of property, plant and equipment is derecognised upon disposal or when no further future economic benefits are expected from its use or disposal.

Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal and the carrying amount of the asset) is included in the profit and loss in the year the asset is derecognised.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2015

m) Financial assets

Financial assets within the scope of AASB 139 Financial Instruments: Recognition and Measurement are classified as either financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments, or available-for-sale investments, as appropriate. When financial assets are recognised initially, they are measured at fair value, plus, in the case of investments not at fair value through profit or loss, directly attributable transaction costs. The Company determines the classification of its financial assets after initial recognition and, when allowed and appropriate, re-evaluates this designation at each financial year-end. All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date that the Company commits to purchase the asset. Regular way purchases or sales are purchases or sales of financial assets under contracts that require delivery of the assets within the period established generally by regulation or convention in the marketplace.

(i) *Financial assets at fair value through profit or loss*

Financial assets classified as held for trading are included in the category 'financial assets at fair value through profit or loss'. Financial assets are classified as held for trading if they are acquired for the purpose of selling in the near term. Derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on investments held for trading are recognised in profit or loss.

(ii) *Held-to-maturity investments*

Non-derivative financial assets with fixed or determinable payments and fixed maturity are classified as held-to-maturity when the Company has the positive intention and ability to hold to maturity. Investments intended to be held for an undefined period are not included in this classification. Investments that are intended to be held-to-maturity, such as bonds, are subsequently measured at amortised cost. This cost is computed as the amount initially recognised minus principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between the initially recognised amount and the maturity amount. This calculation includes all fees and points paid or received between parties to the contract that are an integral part of the effective interest rate, transaction costs and all other premiums and discounts. For investments carried at amortised cost, gains and losses are recognised in profit or loss when the investments are derecognised or impaired, as well as through the amortisation process.

(iii) *Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are carried at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the loans and receivables are derecognised or impaired, as well as through the amortisation process.

(iv) *Available-for-sale investments*

Available-for-sale investments are those non-derivative financial assets that are designated as available-for-sale or are not classified as any of the three preceding categories. After initial recognition available-for-sale investments are measured at fair value with gains or losses being recognised as a separate component of equity until the investment is derecognised or until the investment is determined to be impaired, at which time the cumulative gain or loss previously reported in equity is recognised in profit or loss.

The fair value of investments that are actively traded in organised financial markets is determined by reference to quoted market bid prices at the close of business on the balance date. For investments with no active market, fair value is determined using valuation techniques. Such techniques include using recent arm's length market transactions; reference to the current market value of another instrument that is substantially the same; discounted cash flow analysis and option pricing models.

n) De-recognition of financial assets and financial liabilities

(i) *Financial assets*

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is derecognised when:

- the rights to receive cash flows from the asset have expired;
- the Company retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a 'pass-through' arrangement; or
- the Company has transferred its rights to receive cash flows from the asset and either:

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2015

n) De-recognition of financial assets and financial liabilities (continued)

- (a) has transferred substantially all the risks and rewards of the asset, or
- (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognised to the extent of the Company's continuing involvement in the asset. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration received that the Company could be required to repay.

(ii) *Financial liabilities*

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

o) Impairment of financial assets

(i) *Financial assets carried at amortised cost*

If there is objective evidence that an impairment loss on loans and receivables carried at amortised cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate (i.e. the effective interest rate computed at initial recognition). The carrying amount of the asset is reduced either directly or through use of an allowance account. The amount of the loss is recognised in profit or loss.

The Company first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, and individually or collectively for financial assets that are not individually significant. If it is determined that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, the asset is included in a Company of financial assets with similar credit risk characteristics and that Company of financial assets is collectively assessed for impairment. Assets that are individually assessed for impairment and for which an impairment loss is or continues to be recognised are not included in a collective assessment of impairment.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed. Any subsequent reversal of an impairment loss is recognised in profit or loss, to the extent that the carrying value of the asset does not exceed its amortised cost at the reversal date.

(ii) *Available-for-sale investments*

If there is objective evidence that an available-for-sale investment is impaired, an amount comprising the difference between its cost (net of any principal repayment and amortisation) and its current fair value, less any impairment loss previously recognised in profit or loss, is transferred from equity to the statement of comprehensive income. Reversals of impairment losses for equity instruments classified as available-for-sale are not recognised in profit. Reversals of impairment losses for debt instruments are reversed through profit or loss if the increase in an instrument's fair value can be objectively related to an event occurring after the impairment loss was recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2015

p) Trade and other payables

Trade payables and other payables are carried at amortised cost and represent liabilities for goods and services provided to the Company prior to the end of the financial year that are unpaid and arise when the Company becomes obliged to make future payments in respect of the purchase of these goods and services. Trade and other payables are presented as current liabilities unless payment is not due within 12 months.

q) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not recognised for future operating losses.

When the Company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of comprehensive income net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as an interest expense.

r) Employee leave benefits

Wages and salaries, annual leave and sick leave

Liabilities for wages and salaries, including non-monetary benefits and accumulating sick leave expected to be settled within 12 months of the reporting date are recognised in other payables in respect of employees' services up to the reporting date and are measured at the amounts expected to be paid when the liabilities are settled. Liabilities for non-accumulating sick leave are recognised when the leave is taken and measured at the rates paid or payable.

s) Issued capital

Ordinary share capital is recognised at the fair value of the consideration received by the Company. Any transaction costs arising on the issue of ordinary shares are shown in equity as a deduction, net of tax, from the proceeds received.

t) Earnings or loss per share

Basic earnings or loss per share is calculated as net profit or loss after income tax attributable to members of the Company, adjusted to exclude any costs of servicing equity (other than dividends) and preference share dividends, divided by the weighted average number of ordinary shares outstanding, adjusted for any bonus elements in ordinary shares issued during the year.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2015

t) Earnings or loss per share (continued)

Diluted earnings or loss per share is calculated as net profit or loss attributable to members of the Company, adjusted for:

- costs of servicing equity (other than dividends) and preference share dividends;
- the after tax effect of dividends and interest associated with dilutive potential ordinary shares that have been recognised as expenses; and

other non-discretionary changes in revenues or expenses during the period that would result from the dilution of potential ordinary shares; divided by the weighted average number of ordinary shares and dilutive potential ordinary shares, adjusted for any bonus element.

u) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors of Oakajee Corporation Limited.

v) Comparative figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

15. Significant Events After Balance Date

The market value of the Company's available-for-sale financial assets decreased by \$251,750 to \$1,700,250 as at 27 August 2015. Due to market volatility, the value of these investments may fluctuate materially either positively or negatively on a daily basis.

No other matters or events have arisen since 30 June 2015 which have significantly affected, or may significantly affect, the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial periods.

16. Segment information

AASB 8 *Operating Segments* requires operating segments to be identified on the basis of internal reports about components of the Company that are reviewed by the chief operating decision maker in order to allocate resources to the segment and assess its performance.

The chief operating decision maker for Oakajee Corporation Limited reviews internal reports prepared as financial statements and strategic decisions of the Company are determined upon analysis of these internal reports. During the period, the Company operated predominantly in one segment being the investment sector in Australia. Accordingly, under the "management approach" outlined, only one operating segment has been identified and no further disclosure is required in the notes to the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2015

17. Related party disclosures*Transactions with Key Management Personnel*

Refer to Note 13 for details of transactions with key management personnel.

Other than disclosed in Note 13, there were no other related party transactions during the financial year.

18. Commitments and Contingencies*Capital Commitments*

The Company does not have any capital commitments as at balance date.

Operating lease – Office Premises

The Company holds an operating lease with no fixed term for office premises which commenced on 1 August 2012. Annual rent for the lease for the year ended 30 June 2015 was \$20,796 (excluding GST).

19. Financial instruments disclosure**(a) Capital Risk Management**

Management's policy is to control the capital of the Company to ensure that the Company can fund its operations and continue as a going concern, with the intention of providing shareholders with adequate returns.

The Company's overall strategy remains unchanged from 2014.

The Company is not subject to externally imposed capital requirements. Operating cash flows are used to maintain and expand operations, as well as to make routine expenditures such as tax and general administrative outgoings.

(b) Financial risk management objectives and policies

The Company's principal financial instruments are cash and cash equivalents and available-for-sale-financial assets. The main purpose of these financial instruments is to provide working capital for operations.

The Company has various other financial assets and liabilities such as receivables and trade payables, which arise directly from its operations. The main risks currently arising from the Company's financial instruments are interest rate risk, credit risk and equity price risks.

(c) Significant accounting policies

Details of the significant accounting policies and methods adopted, including the criteria for recognition, the basis for measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in note 1 to the financial statements.

FOR THE YEAR ENDED 30 JUNE 2015

Financial instruments disclosure (continued)

(f) Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company only transacts with entities that are rated to the equivalent of investment grade and above. This information is supplied by independent rating agencies where available and, if not available, the Company uses publicly available financial information and its own trading record to rate its major customers. The Company's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the Board annually.

The Company does not have any significant credit risk exposure to any single counterparty or any Company of counterparties having similar characteristics. The credit risk on liquid funds is limited because the counterparties are banks with high credit ratings assigned by international credit rating agencies.

The carrying amount of financial assets recorded in the financial statements, net of any allowances for losses, represents the Company's maximum exposure to credit risk without taking account of the value of any collateral obtained.

(g) Equity price risks

The Company is exposed to equity price risks arising from equity investments. Equity investments are held for strategic rather than trading purposes. The Company does not actively trade these investments. The Company's investments are publicly traded and ASX listed.

Equity price sensitivity

The sensitivity analysis below have been determined based on the exposure to equity price risks at the balance date.

At balance date, if the equity prices had been 5% higher or lower:

- Net loss for the year ended 30 June 2015 would decrease/increase by \$37,100 (2014: \$36,300) as a result of disposal and impairment recorded on available-for-sale financial assets; and
- Other equity reserves would decrease/increase by \$97,600 (2014: \$139,700) as a result of the changes in fair value of available-for-sale financial assets.

The Company's sensitivity to equity prices has not changed significantly from the prior year.

(h) Fair value of financial instruments

AASB 7 Financial Instruments: Disclosures requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices) (level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2015

(h) Fair value of financial instruments (continued)

The following table presents the Company's assets and liabilities measured and recognised at fair value:

2015	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
Assets				
Available- for sale financial assets	1,952,000	-	-	1,952,000

Available- for sale financial assets	2,750,000	-	-	2,750,000
	2,750,000	-	-	2,750,000

The fair value of financial instruments traded in active markets (such as available-for-sale securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in level 1.

(i) Liquidity Risk

Ultimate responsibility for liquidity risk management rests with the Board of Directors, who have built an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

INDEPENDENT AUDITOR'S REPORT

To the members of Oakajee Corporation Limited

Report on the Financial Report

We have audited the accompanying financial report of Oakajee Corporation Limited ("the Company"), which comprises the statement of financial position as at 30 June 2015, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration for Oakajee Corporation Limited.

Directors' responsibility for the financial report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In Note 1(b), the directors also state, in accordance with Accounting Standard AASB 101: *Presentation of Financial Statements*, that the financial report complies with International Financial Reporting Standards.

Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

Our audit did not involve an analysis of the prudence of business decisions made by directors or management.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*.
